Metamorphosis

Metamorphosis:

A noticable or complete change of character, appearance, circumstances, etc.

The world is everchanging, and Mount de Sales is not immune to this fact. For the first time, Senior girls were allowed to participate as acolytes in the Candlelight Carol Service.

Changing

Faces Classes Times

All things change. Wherever we go, wherever we are, we are confronted with uncertainty and change. What really matters is how we change and how we cope with the changes around us. Each year, we return to school, some of us excitedly, some less than excitedly, to see many faces: some new and some old friends who have changed over the

summer. As we move through the year, we come to better understand how we have changed personally, as well as how those around us have changed. This understanding is how we build new friendships and strengthen those which we have already forged.

"Pleased to meet you! Can you guess my name?" Matt Hodler welcomes all to life here at MDS.

"We're going to eat in style..." Winners of the limo lunch wish the cafeteria would offer this everyday.

"No, these aren't for you!" Adam Siler reluctantly loads up the gifts for the needy children in the area.

"The Pyramid of Love." Coach Turner poses with several juniors while taking a break from Prom.

"They expect us to buy this!?" Kelly Wolfenbarger and David Schnell flip through their books.

"All smiles." Sister Rosina applauds the school thanking them for the surprise birthday party.

"It finally rang!" Chris Carrigan, Thomas Annandale, and Turner Oppy celebrate the end of a day.

"Now who do you think has spirit?" The Seniors prove they're the ones who've got enough spirit.

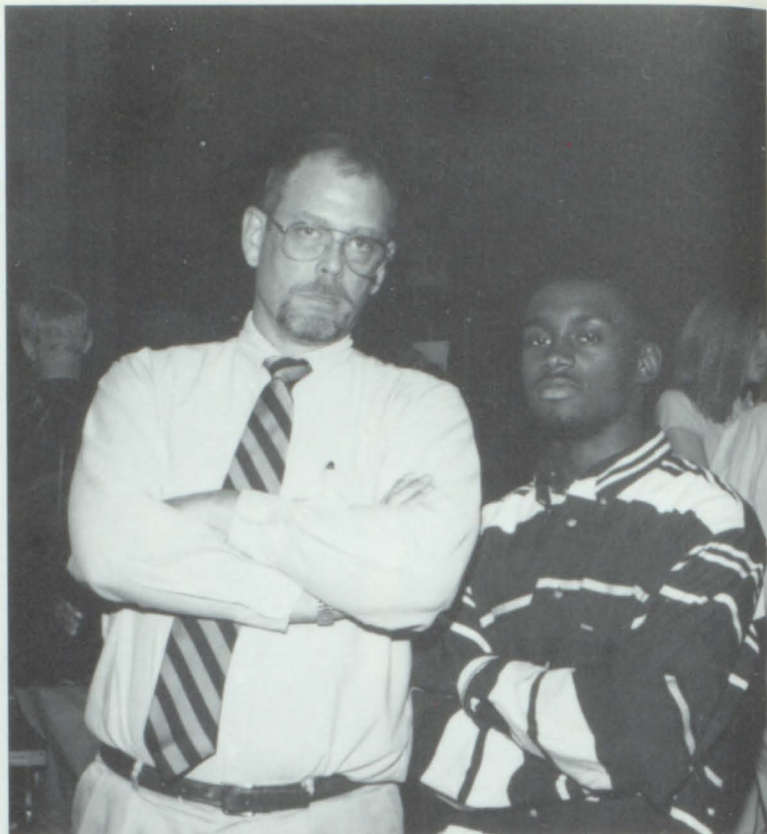

Crowning

Bigger Brighter Older

Growth and development are important parts of life. No one thing can remain constant forever. As we return from summer vacation, we face new classes, new teachers, and new challenges. It is only by growing physically, mentally, emotionally, and spiritually that we can undertake the new challenges that are awaiting us in the upcoming year.

At the end of last year, we were at the top of our class: we had it "all figured out" and we were "in control". Now, we feel as if we've gone back to "GO" and had to start over. Those of us who will succeed are the ones who view this as an opportunity to grow.

"What are you looking at?!" Mr. Dockrell and Senior Rico Stubbs definitely have it "goin' on."

"If you're happy and you know it be sure to smile!" Underclassman girls are excited to start a new day.

"I didn't know English was a foreign language!" Luke Knight looks blankly at his assignment.

"Say what?" Tony Welsey looks confused as he stares at his friends during lunch in the trapezoid.

"I'm singing in the rain." Junior Michael Spisso takes on a new stress-free approach to soccer.

"Are you sure we hold it this way?" Joey Filush and Frank Mummert share different methods.

"Always the best of friends." Lauren Rosen and Emily Pritchett leave break to return to class.

"Who says lunch tables are for eating?" Chris Brennamen demonstrates other purposes.

Mount de Sales Academy is a virtual microcosm of the world. Our student body represents many different backgrounds and beliefs. This diversity helps to develop open-mindedness and respect for other people. Students have the daily opportunity to share their ideas and form bonds that last well beyond graduation.

"Happy birthday dear Mount de Sales..." Juniors Dona Cortes and Toby Leslie wish M.D.S. a very happy 125th anniversary.

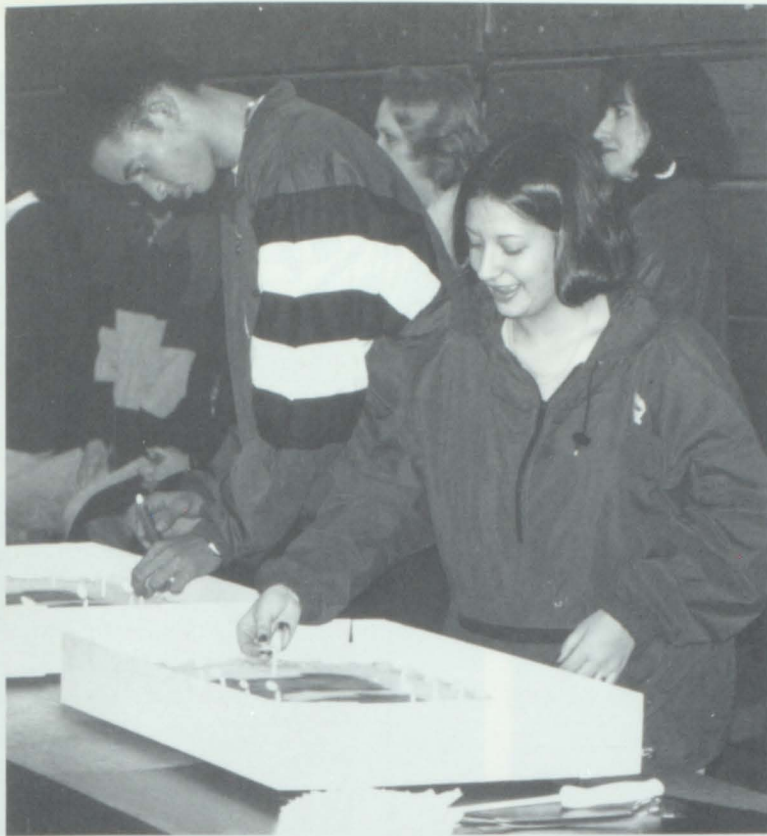

"I hope the day gets better than this!" Senior Denise Tussing looks less than excited about the upcoming school day. Cheer up!

"Fanning the flame of faith"
Father Neal shared a Mass with the student body and later spoke to each grade level individually.

"One bread, one body..."
Brandon Jolley distributes bread to his fellow schoolmates in a symbol of unity and love.

Living Is Easy

Here at MDS, students are continuously reminded of all those Little Things That Count;

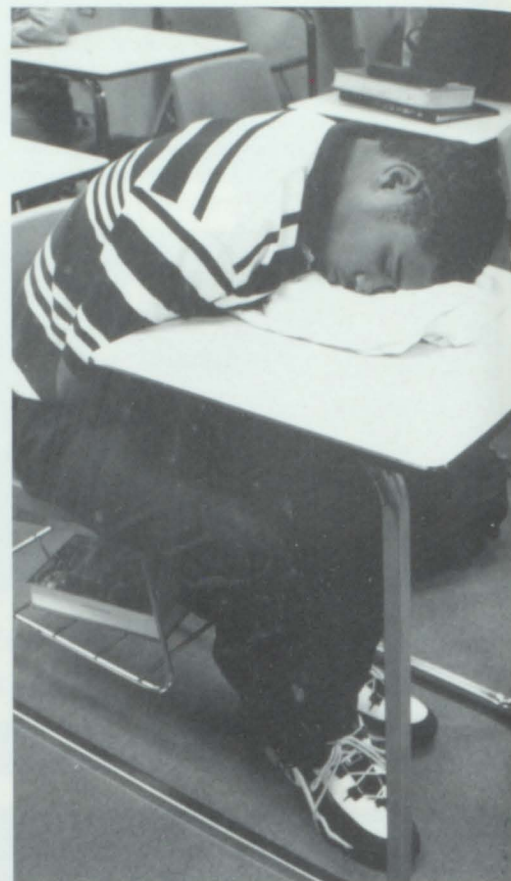

1. The effect of gravity on your open bookbag. Works especially well in the rain.
2. Always remember your locker combination. Enough said.
3. Sleep is an essential part of MDS life.
4. Unless you really enjoy the Friday detention experience, belts are a must.
5. Speeding tickets are also an integral part of teenage life. Watch for policeman.
6. Leaving P.E. clothes in your locker is a definite NO. It attracts roaches and other unmentionable things.
7. Out-of-dress-code days are a gift of God. Remember to utilize them to their full advantage.
8. Always remember the right book for English class. There are only three. Or was it four?

9. Remember homeroom comes after third period on alternate # 2, not lunch.

10. There are six main alternates, but only five days of the week, WHY??

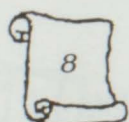

♦ "Thank goodness it's Friday!" Kim Sarabia walks quickly to her next class with a spring in her step that only comes from knowing that there's only one more period until dismissal.

♦ "I spy something very tasty!" Eyeing the food, senior Cody Hale sits and chats with Patricia Myers and her family while they eat at a parent picnic in the warm afternoon sun.

♦ "Wait a minute, tell me just one more time what happened." Jamese Taylor and Katy Owenby seem to be thoroughly enjoying one another's company and talking during a free period.

♦ "I think that movie was a little long last night. I'm exhausted!" Thomas Leslie takes a quick cat nap during home room to catch up on his much needed sleep. When's a better time?

♦ "Oh, no! I can't remember my locker combination! AGAIN!" Jimmy Livingston struggles with his obstinate locker as he begins a new week with a fresh but very determined attitude.

“MDS is a very academically oriented school that believes in educating its students above the requirements for success in our world today.” — Carl Mersch

♦ "Do we really have to start a new year today? Can't we wait until next summer?" Mourning their lost vacation time, Wendy Bennet, Mandy Schmitt, and Adam Siler talk together.

"Up and down, up and down all day long. Why can't they put in elevators?" Beth Bolinger, Corlee Blum and Angie Cook walk single file down the stairs on the way to their next class.

♦ "Yes, I'm listening, I promise!" Melissa Styons seems to be completely inspired by the message delivered at the school prayer service held in honor of Catholic School's Week.

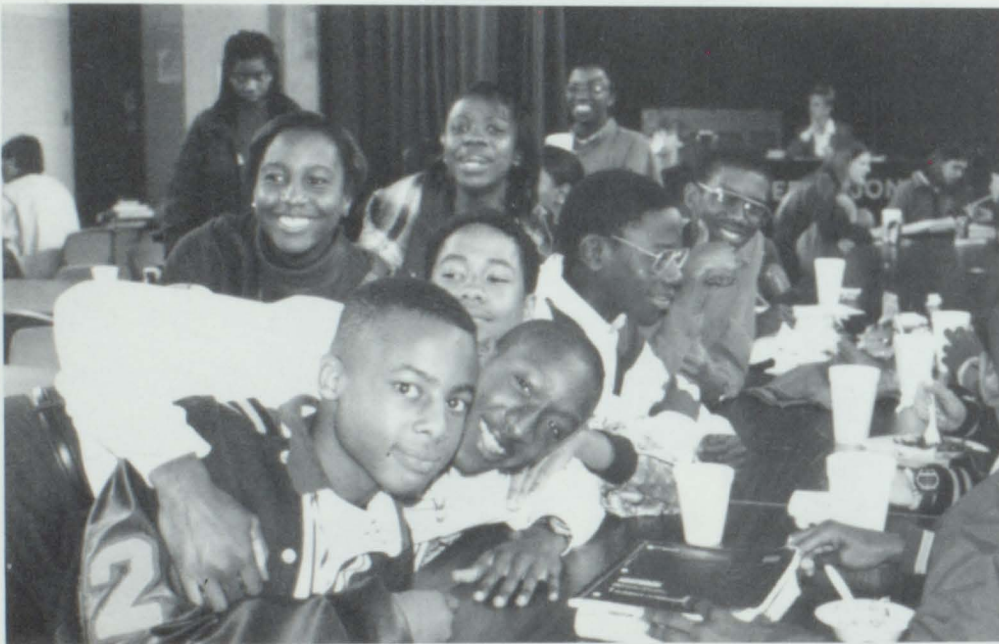

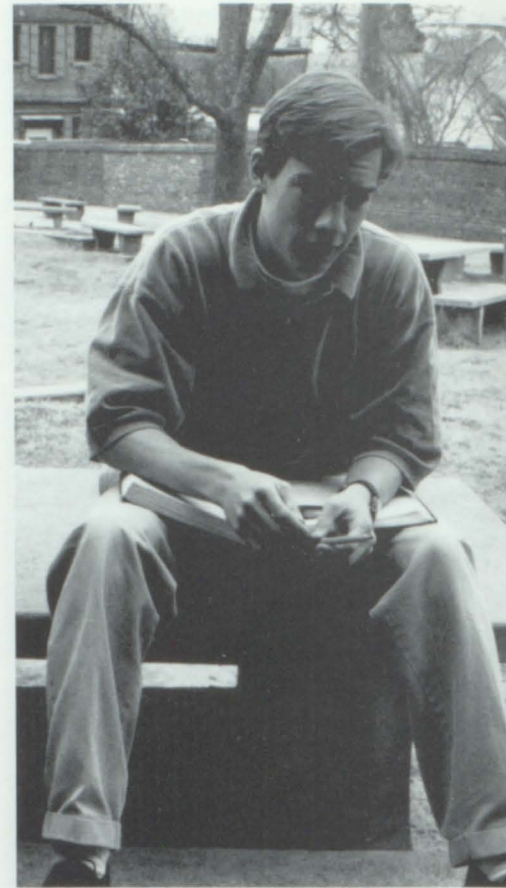

Let's Take a Break

"What is your favorite class of the day?" To this all too common question the majority of high school students will immediately respond, "Lunch!" When asked for reasons, the replies are diversified. Having time to hang out with friends, finish that forgotten math homework that is due next period and the English paper due after that, and eating delicious cafeteria food are just a few lunchtime activities. This year's seniors enjoy going to favorite hangouts such as Sid's and Media Play. The freedom to venture away from the campus into the big wide world during free period is also a great part of being a senior. But while the underclassmen are waiting to receive their off campus privileges, they can still enjoy the delights of

eating their lunch in the cafeteria on campus. The joys of "underclassdom" are summed up in the words of Rebecca Merschat, "We have the opportunity to dream and aspire to be as great as our elder counterparts."

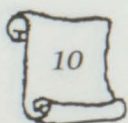

♦ "What are you lookin' at? We're just eating this delicious, nutritious lunch." Summer Causey and Jeffrey Crumbley get very annoyed when the camera interrupts their peaceful lunch.

♣ "Friends are Friends Forever!" Need I say more? A group of students enjoy food as well as wonderful friendships during their lunch period in Mt. de Sales' spacious cafeteria.

♦ "What in the world is he laughing about?" Steven Moss questions Kyle Mitchell's sanity while enjoying his free period in the breezeway with his friends outside the New Building.

♦ "I would love to loan you fifty-five cents, but I uh... I forgot my wallet!" Michael Cullinan thinks fast as he blindly reaches for an excuse not to part with his small savings.

♦ "Fast and methodical, that's the right way to eat," says Edward Kendrick as he starts into the next food group on his plate. As always, he licks his plate clean just like mom taught.

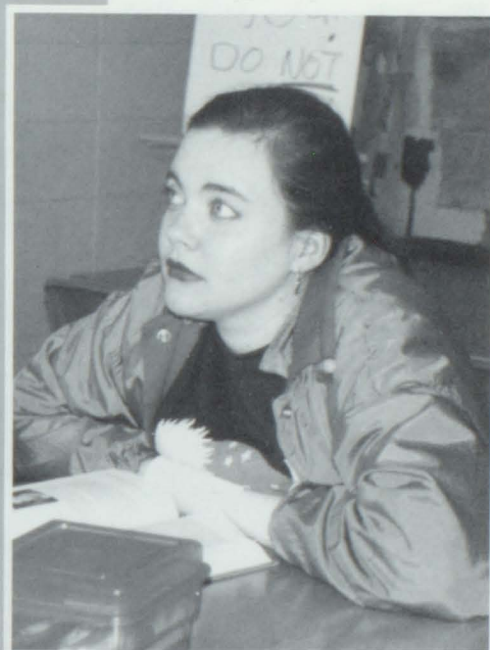

"I think lunch is a great time to release all the stress accumulated during classes and to enjoy the great 'home cooked' cafeteria food." — Andrew Arcand

♦ "See that ant? I'm going to blind it with my flash!" Having nothing else to do during their free period, Matt Hodler and Amber Baxter find all the different angles of photography.

♦ "I really am listening! I promise!" Aime Hill interrupts her deep train of thought to speak to a friend during her free period. Don't be fooled by that schoolbook in front of her.

♦ "It's chicken day! And we got through the line with time to really eat!" Campbell Austin exclaims as Kelly Peterman concentrates on her well-earned meal on this most auspicious day.

Swingin' on Olympus

Greek Week at MDS was a fulfilling time for all students and faculty who participated. Beginning with Dress-Up Day, the students prepared for the excitement of Homecoming by coming as Greek temples or Olympic athletes. The Parents Picnic was a great success as parents and students relaxed in the warm October sun. The Greek games were a new addition to the festivities that gave the students a chance to prove their skills at games such as Pin the Flame on the Torch and Throw the Javelin. Bonfire and Skit night was filled with growing enthusiasm and anticipation for the coming football game. The skits were modeled after fairy tales such as Jack and the Beanstalk and Sleeping Beauty. The pep rally gave the student body a

chance to demonstrated the support for the football team and the confidence of another victory. The tailgate party pumped up the fans and the dance afterward was a great hit as the students celebrated the victory.

♣Watch out! He's armed and dangerous! Phillip Houston and Chris Allen joke with Dione Cooper and Eric Burney as they await their turn to test their strength at the famous Greek games.

♣"We've got the spirit, how 'bout you?" The senior class shows their support for the MDS football team with flag waving and lots of cheering at the big Homecoming pep rally.

♦ "I am the Greek god of football! I let my team show their talent!" Eighth-grader Marques Redd shows his admiration for Coach Slocum by portraying him in the eighth grade skit.

♦ "We have the recipe for great MDS spirit!" exclaim sophomores Patty Bieger and Leslie Ann Jordan as they display their creative talents for the Homecoming Week Dress-Up Day.

"I thought this year had a very interesting theme that went along well with the coming 1996 Olympics and the spins that were taken with the teacher's "Greek" names were great. The pep rally was one of the best we've had. Since this is my last year, I'm glad Homecoming will be something I will remember." — Aime Hill

♦ 1995 MDS Homecoming Court (l to r): Jamey Huser, Sarah Hope, Adam Siler, Quintress Leslie, Frank Mummert, Cladie Washburn, Anna Claire Wimberly, Greg Burney, Megan Cullinan, Michael Cullinan, Melissa Alverson, Joey Filush.

♦ "Cruising along ... looking cool!" Junior Clint Hitchcock is The Man as he struts his stuff during the junior class skit of "Red Riding Hood" before the lighting of the big bonfire.

♦ "23, 31, 52 ... Hut!" For Dress-Up Day, sophomores Kendall Wall, Carrie Pierce, Christy Burress, Brooke and Morgan Stone display their talent for the game of football while in costume.

Gifts From the Heart

During November students were encouraged to bring food for needy families, with a different item requested for each day over a period of a week. We came together to worship and display our efforts. Each student was asked to donate a dollar and reflect on the true meaning of Thanksgiving. As Christmas approached, the student body focused on the concept of giving. Students picked various toys from a wish list to bring for less fortunate children so that they too could have a "Merry Christmas." These gifts were collected so that they could be presented to SERVE for distribution. The Tomorrow's Leaders class sponsored a breakfast to raise money for the Dream of Fields and the Student Council held a raffle for homework

passes, a limo lunch, teacher parking spaces, and lunch line privileges. Students also participated in the Student Council's annual Kris Kringle event which provided everyone with a chance to share the Christmas spirit.

♦ "Didn't your mother ever tell you not to chew with your mouth open?" Nikki Lyster enjoys her breakfast provided by Tomorrow's Leaders as a fund raiser for the Dream of Fields.

♦ "Santa Claus is coming to town." The student participation in the annual Tag-a-Toy program was representative of the spirit of Christmas as students gladly give presents to SERVE.

♦“I thank you from the bottom of my heart!” Mrs. Bailey expresses her deepest appreciation and gratitude for the students’ generous contribution to SERVE through the Tag-a-Toy project.

♦“Do I just put this here? I wrapped it myself, you know. Aren’t you proud?” Michelle Peavy brings her personal offering to the pile of gifts to be sent to SERVE for Christmas.

“It was wonderful to see young people together helping others. When we do things for our community, we serve as inspirations for other students just like us. It makes me feel good that I improved a child’s Christmas.” — Trysha Stevens

♦“Bacon? It’s an essential part of breakfast. What can I say?” Lindsay Gavin serves the students who participated in the Tomorrow’s Leaders’ breakfast for the “Dream of Fields”.

♦“Okay, what could this be? A truck, some blocks, a cool Sesame Street toy, an empty box? Blair Meyer makes quick guesses at the contents of each box as she carefully stacks them.

♦“‘C’mon, think ‘you have to fit, you have to fit!’” Student Council senior representative Erin Parish puts stockings on every locker as a part of the schoolwide Kris Kringle program.

Saturday Night Fever

What's a better way to start the new school year off than with the Back-to-School Bash? The highschoolers gathered in the gym to socialize and dance to their favorite music played by AJ the DJ. This get-together provided a great time to settle down from the hectic start of the new school year.

Everyone looks forward to Homecoming. The team, the Court, and the King and Queen all add to the anticipation of the dance. Students cheer on the players during the game, and celebrate the deserved victory at the big Homecoming Dance.

Halfway through the year, and after the stress of exams has passed, the fun times tolerance is revived at the New Year's Dance. The dance successfully rang in the New Year with a party that was definitely hype. AJ the DJ was back and played a great selection of music as dance steps were taught and conga lines wound their way through the exhilarated students.

♦ "I am the D.J. I get to pick the songs!" Disc Jockey Frank Mummert tries to convince a group of seniors that his choice of music for the Father-Daughter Dance would be the best.

♦ "Michael, I thought You had the money!" Amanda Baker and Michael Spisso argue over details while trying to get into the first dance of the school year, the Back-to-School Bash.

♦ "May auld acquaintances be forgot ..." The New Year's Eve dance sponsored by the sophomores was a blast and gave everyone a fun way to head back to school after Christmas vacation.

♦ "I am THE MAN! That's all that needs to be said." Sophomore Clint Hitchcock shows his friends that he is, without a doubt, the coolest guy on the block at the Back to School Bash.

♦ "Excuse me! Were you talking to ME?" yells Shannon Parish across the crowded gym floor at the Back to School Bash as she tries to carry on a civil conversation with Alexis Mason.

“I really enjoyed all the dances this year. They gave students a time to socialize with friends and create stronger bonds with each other through talks and fun. The music was always great and the decorations were cool.” — Mia Armstrong

♦ "Go Daddy, Now You're Getting It I!" Kelly Paterman cheers her father on as he teaches her how to twist at the Father/Daughter Dance sponsored by the Tomorrow's Leaders Class.

♦ "All dressed up and ... we're at the dance!" A group of "party-ready" people crowd together to strike a pose for the camera at the New Year's Eve Dance hosted by the Sophomore Class.

♦ "Too bad we have to leave so early. We could party all night!" Students celebrate being with their friends at the Back-to-School Dance that started off the school year with a bang.

History's Voice

Many students this year participated in a program in order to celebrate Black History Month. The chorus began the program with the song, "Lift Every Voice and Sing" followed by "Ride the Chariot". The specially formed Black History Chorus performed two selections accompanied by Unionville Baptist Church Musicians. *I Know Why The Caged Bird Sings* was recited by Theron Maddox. LaKeesa Butler, Trysha Stevens, and Janika Roberson then performed several selections. The ensemble then performed "Walkin' In The Spirit". Quintress Leslie ended the program with a thought-provoking essay entitled *History's Voice Overall*, the program was not only entertaining but an

educational experience as well.

♦ "Are you really nervous yet Gigi? I really don't think you are." Preparing to accompany the chorus for the first time, Gigi Denson grins nervously as she awaits the big moment.

♦ "I surrender all." Amazing students, faculty and guests with her powerfully moving voice, Trysha Stevens sings an inspirational song during the Black History Day program.

♦ "How excellent is thy name." Under the direction of Mr. Eddie Walker of the Unionville Baptist Church, the members of the Black History Chorus really were excellent in their singing.

♦ "The many Voices of History all in a row!" The talented readers featured in the program appear composed as they await the moment of truth while the audience is being seated.

♦ "Is this thing on? Testing one, two." Quintress Leslie prepares to speak to the student body about the meaning of Mercy Day and the importance of the Sisters of Mercy to Mt. de Sales.

Challenging Voices

Each year, the MDS faculty and students honor the Sisters of Mercy and show their appreciation for the Sisters' support of the school. This year, the theme of the day was "Voices That Challenge in the 1960s" and was held in the gym. McAuley Hall took a major role as students presented a news program that described opinions

and reactions felt by those who were connected with the construction of the gym. The chorus presented songs of the 60s that highlighted the program.

♦ "We gather together to share the Lord's blessing." The Sisters of Mercy have contributed so much to the tradition of excellence at Mount de Sales that we wanted to say, "Thank you!"

♦ "It was a wonderful time for MDS." As part of the Mercy Day assembly, senior Stacey Goodman portrays a student concerned with the fund raising for the construction of Macauley Hall.

♦ "Play that tune, Mac!" Junior Mac Oppy assists the chorus by accompanying them in their version of the song "Spinning Wheel" as they perform the music of the 60s and 70s.

Rocking the House

One of the most anticipated activities that occurs during the school year is Fun Night. This event is filled with millions of laughs and smiles. Parents and siblings are invited to attend and cheer for the students who participate in strange but entertaining events. The Bust-A-Balloon relay started the evening off with all the long-winded participants attempting to blow up and pop a balloon in the shortest possible amount of time. Other familiar games such as the Over-and-Under Egg relay and the Tug-of-War followed. The most daring participated in the Dizzy-Izzy. One of the highlights of this year was the participation of the faculty. This group of true "adults" played some humorous tricks and were successful in their goal of making the entire

assembly roar with laughter. The conquering team in the Middle School was the eighth grade and in the high school, the seniors were victorious. The evening was a memorable one for everyone.

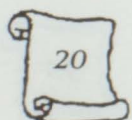

♦ "Oh to be just one foot taller!" Ginny Shoup reaches high for the basket that seems so far away during the football relay, the race against gravity, at the Fun Night activities.

♦ "Couldn't we use Chad as a potato? He rolls better!" Freshman Brennan McGoldrick volunteers his friend's services in an attempt to be helpful, thwarted by his laughing comrades.

♦ "We actually have to use real muscle! Pull!" Hoping for a last fair triumph, the members of one of the faculty Tug-of-War teams battle fatigue as well as their opponents for a win.

◆ "You know, this could turn into a very strange habit." Joseph Hicks rapidly buttons the fashionable blouse over his shirt in a hurry to get to the finish line before the other teams.

◆ "The room is spinning faster and faster! Help!" Jonathon Blankenship careens past the crowd reaching desperately for a still object as he recovers from his Dizzy Izzy run.

“The class of '96 once again prevailed over their meek competition proving that they are the best of the best. It was great!”

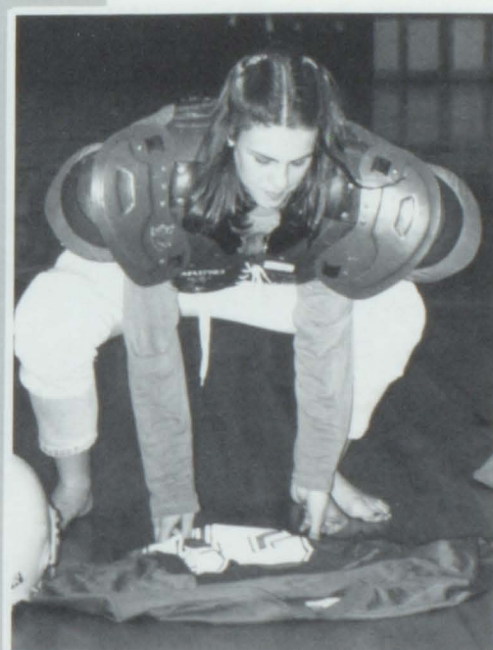

— T.J. Rowland

◆ "We rock your world!" The three caballeros Phillip Cheshire, Chris Brenneman and Mac Oppy are not only the best of friends, but are, hands down, the funniest guys in the school.

◆ "Definitely the best time yet, and we didn't fall once." The senior pyramid stands tall to accept it's perfect victory to lead the senior class to the ultimate win once again.

◆ "Next comes the jersey ... I think." Junior Stephanie Wolfenbarger pulls on the football uniform as fast as she can as she attempts to win the Dress-a-Girl relay at Fun Night.

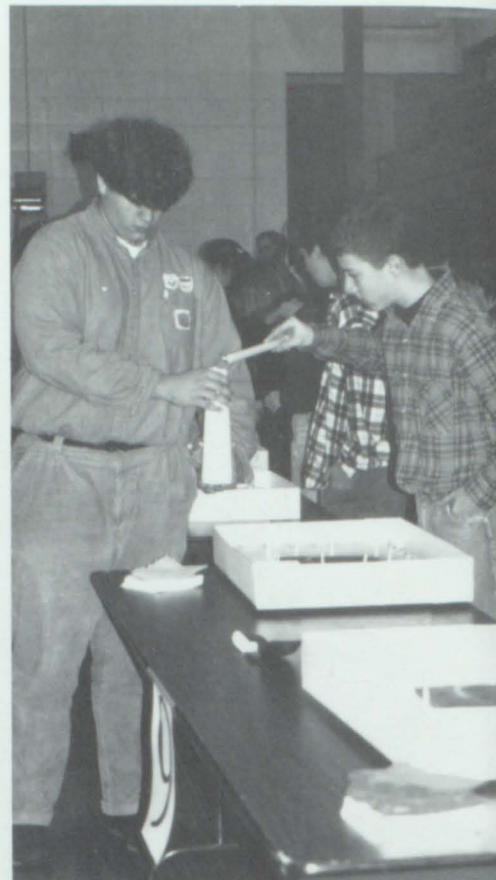

Honoring Our School

Catholic School's Week was based on the theme "Random Acts of Kindness." After asking students to do as many favors for others as possible, these favors were posted around the school for all to see. The school got together on Tuesday for a prayer service to share bread. During the service, they learned the true meaning of "Bread in Our Life" and how "our hands are God's hands." On the day of Mount de Sales' one hundred twenty-fifth birthday, students had 'St. Francis de Sales' visit and tell about his life, giving us an understanding why the Sisters of Mercy chose our school's name. Also, the student body celebrated traditionally by singing "Happy Birthday" and enjoying cake. During this week, the annual Teacher, Student

and Principal Appreciation Day's were commemorated. The students were treated to donuts and juice, the teachers received lunch from Key Club and Sister Rosina and Mr. Pierce were given cards written by the students.

♦ "Yumm, Yumm! This juice is deeeelicious. Don't you wish you had some?" Denise DeLoach enjoys her juice and doughnuts provided by the Student Council during Catholic School's Week.

♦ "This is the bread we will share." The freshmen are captivated by the spiritually moving words of fellow classmates at the prayer service celebrating Catholic School's Week

♦ "Cheers!" Coach Parker and his merry band of sophomores congregate on the gym floor to enjoy their special treat while discussing the latest school news and having lots of fun.

♦ "Watch the hair, fella." In preparation for the 150th birthday celebration of Mount de Sales, Sean Davis lights the candle Jeremiah Helms will carry to symbolize the big day.

♦ "Yes, there's my name." Closely examining the Random Acts of Kindness bulletin board, Jason Malloy points out to Danielle Davis about all the good works he has seen others do.

"All the activities of the week were really fun and exciting. It raised the school community's spirits tremendously. It was a very nice gesture of the Student Council to treat the student body to doughnuts and juice."

— Jesse Fortson

♦ "I hope I don't trip or drop the bread!" The class representatives nervously await their turn to make the presentations of bread during the Catholic Schools' Week prayer service.

♦ "Once again, thinking deep thoughts." Enthralled by the speakers at the prayer service, Wes Kurzen listens carefully in an attempt to glean inspirational advice from the program.

♦ "Abracadabra ... When I clap, this ice block will become apple juice. I hope." Enjoying doughnuts and juice, Hank Puryear shows his friends the nifty magic trick he's learned.

You're Invited ...

Prom is one of the most awaited times of the year. According to tradition, the underclassmen took on the responsibility of putting it all together. The Junior class is always under pressure because the prom has to be special, even close to perfect, as a gift to the Seniors. First, the class decides on the theme. This year's theme was "Alice in Wonderland." The next step in creating a great prom is deciding how to set-up the decorations. Supplies had to be found, food had to be arranged, music was needed, and most importantly the Juniors needed time and lots of it! They worked hard up until the day of Prom and with every minute the class bonded more and more. Finally, it was all completed. Everything was in its

place and every detail touched up. Finally, Prom looked great. Pleased with their work, the juniors rushed home to get themselves ready. The evening was their time to sit back, and enjoy watching everyone have a great time.

♦ "Always Coca-Cola!" This happy group of teachers and students discovers the amazing freshness a few soft drinks and a good laugh can offer during the hectic preparation for Prom.

♦ "You call this a mushroom?" Amanda Baker and Wendy Hatcher discuss the state of the prom decorations while taking a short rest from the strenuous job of transforming a ballroom.

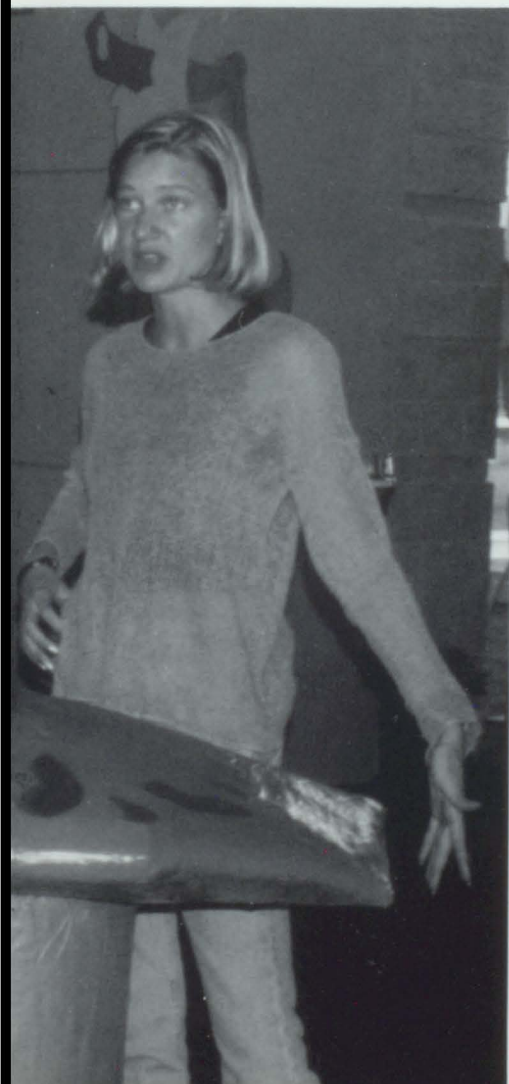

◆ "Now for the last touch ..." Finishing the decorations for the big night ahead, Mandy Schmitt adjusts the Cheshire Cat sign that is to adorn the entrance into a fairyland on earth.

◆ "Whistle while you work ..." Always in high spirits, junior Brooke Benford glues together a creative prom decoration for the Junior-Senior lead out surprise; "card guards."

"The junior class put a lot of work into this year's prom because we wanted it to be as special as possible for this year's graduating class. We were very pleased that everyone enjoyed it and stayed through the evening." — Mandy Schmitt

◆ "Fit slip A into flap B and piece C joins section D ... What?" Donna Cortes and Kristy Willis work together on completing the seemingly never-ending pile of clocks for the date wall.

◆ "Excuse me, but go snap someone else so that I can work!" Vickie Greene appears surprised as her picture is taken while she mends the rose trees of the fictitious Queen of Hearts.

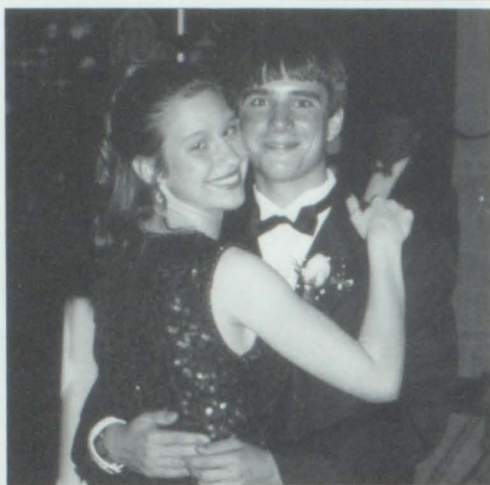

◆ "Having fun with that metallic crinkly paper yet?" Rachel Parish skillfully adds a speck of glitter to a festive hat that is to be one of the table centerpieces for the prom.

A Night in Wonderland

Dimmed lights, romantic music, gorgeous flowers and beautiful dresses are all part of the magic of that special night in every seniors life, prom. The theme for the Junior-Senior Prom was "Alice in Wonderland." Pink heart balloon trees and azaleas adorned the room of the Centreplex and card guards flanked the lead out ramp. Flashing cameras and exclamations of delight mingled in the room as the seniors were announced couple by couple. After the parents left, the real prom party began. Tiresome shoes came off and active feet carried their owners to the dance floor. A superb job was done by the Easy Touch, keeping the music popular and varied. The beautiful table decorations and the wonderful date

wall gave the setting a truly fairy tale feeling. The refreshments provided the dancers with a welcome relief as people congregated to share conversation and punch. Fun was had by all who attended and the general consensus: it was perfect!

♦ "In the still of the night." After some refreshing punch in the calm of the snack table, Danielle Faulk and Denise DeLoach pose with their dates before returning to the dance floor.

♦ "Let's practice posing for the camera." While waiting in line, couples stand ready to be the next to undergo the stress of a prom picture session before dancing the night away.

♦“...and they lived happily ever after.” Cinderella and her Prince Charming, Catherine Stafford and former student Jason Staples prepare to enter the prom after a great dinner.

♦“Mmm, mmm, this punch looks deeeelicious!” Massimo Danese samples the delicate blend of fruit juices at the refreshment table along with his date before they return to the dancing.

“The evening was great. The music was good, the dancing was great, the decorations were wonderful and the refreshments were terrific. Everybody had a wonderful time. It was a great climax to the year and ... it was great.” — Stevie Lankford

♦“Don’t stare. We know we’re beautiful!” Anwar and ... Rico Stubbs and their dates take a peaceful break as they enjoy the fun and dancing that fill the strenuous evening of prom.

♦“All those lessons walking with a book on my head sure helped.” Confident and poised, Mary Pierce and her date run the gauntlet of stares and flashing cameras into the special night.

♦“Actually, I wanted to be the queen of hearts, but ...” Card guard Jennifer Blankenship talks with Jessica Slater and her date about the upcoming evening of romance and fun.

Let The Good Times Roll

Students always look forward to Positive Attitudes Day. Sponsored by the Student Council to raise money to send new Student Council officers to leadership camp, it is a day of fun, games, and no classes. Students could participate in many events throughout the day. Some stuffed their faces in the Pie Eating Contest while others showed off their great legs in the Best Legs Contest. A popular game was challenging other students in Bouncy Boxing. Another favorite activity was dunking a teacher at the dunking booth. Also new this year, was the Volleyball-a-Thon in which students from different grades battled it out on the court. Some great food was available at the The Happy Saucer Coffee Shop and the Sno Cone booth.

♦ "The struggles are always going to be there." Relaying a strong message, Rudy Ruettiger speaks to the students about the values of dreams when they are accompanied by determination.

Music Rooms were a popular new attraction. This year we had a special guest, Dan 'Rudy' Ruettiger. Students watched his movie, *Rudy*. Then, the entire student body went to the gym to listen to Rudy's speech and begin the day.

♦ "Ha! You look like my dog when he eats!" David Stahl watches gleefully as Edward Kendrick, Kirk Davenport, Matt Attaway and Andy Meadows chow down during the pie-eating contest.

♦ "They say the neon lights are bright, on Broadway ...!" Listening attentively to the entertainment, students enjoy the cool temperatures in the Happy Saucer Coffee Shop.

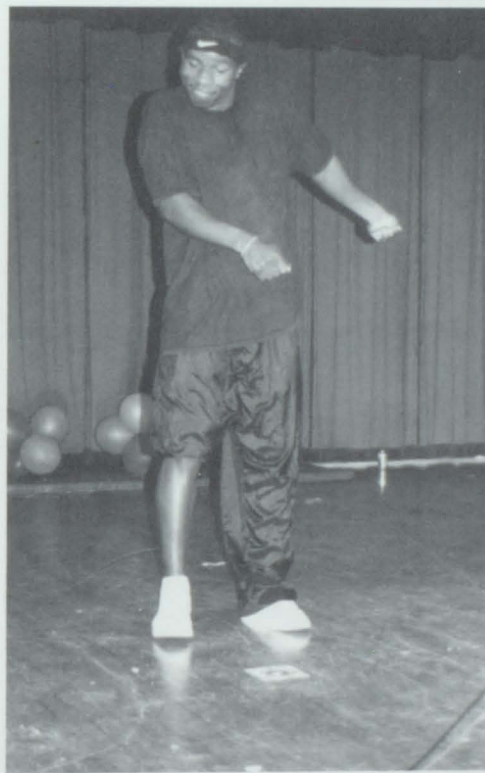

"It was great to have a break. I enjoyed it a lot, especially the dunking booth. It was great to be able to dunk teachers. The music rooms were also a wonderful idea and a lot of fun. I wish there were more days like it." — Marla Geddis

"Now what did you say you wanted me to paint?" Sophomore Paul Kirkland paints seventh grader Brooks Walker's face as he patiently waits for the grand masterpiece to be completed.

"Nice legs, Currey!" Jon Currey astonishes the judges with his fantastic legs as he participates in the incredibly competitive Best Legs Contest during Positive Attitudes Day.

"I am the new Champion of the World!" Celebrating his most recent conquest, junior Antwan Evans proves that he is the one and only Bouncy Boxing champion at Mount de Sales.

"Way to spike that ball, Nathan!" Battling hard for the win, Nathan Cooper gains a point for his team to lead them to victory over the juniors in the big junior-senior game.

"Rock on with your bad self!" Sophomore Antonio Wesley participates in the wonderful entertainment served up at the Happy Saucer Coffee Shop during Positive Attitudes Day.

I'll Be There For You

"Friends change and we with time but not in the ways of friendship."

Anonymous

As the years go by, we grow older and change not only in stature, maturity and personality but also in the company we keep. High school can aid in the formation of friendships that may last a lifetime. Talking on the phone, laughing, sharing secrets, supporting each other, friends are our voices of reason and our biggest fans. At Mount de Sales, friendships flourish and prove to be the best cure to a gloomy day or a bad mood. Friends of all different races, religions, genders, social classes and walks of life can be found just by peeking in classrooms or down hallways. Whether we're six or eighty-six, we need human interaction

♦ "We are definitely the best friends on this block." Juniors Julie Sams and Cindy Dockrell show their friendly affection for one another with a tight squeeze and a big smile.

and most of all, love. Friendships are forever and though two may grow apart, that bond will hold firm and reappear when things get tough. That's what friends are for.

♦ "Let's get together!" When these special friends Erin Parish, Sarah Hope, Rachel Parish, Megan Cullinan and Anna Claire Wimberly stay together, they always have lots of fun.

♦ "You don't have to bug me about it any more! I'll remember!" Part of sharing a wonderful friendship for Trish Yarbrough and Betsy Washburn is hanging around and just talking.

◆ "Nobody's gonna bust us up!" Kelly Wolfenbarger and Jennifer Davis appear oblivious to the loud roar of the assembly as they share a moment of true friendship at Fun Night.

◆ "It's just us all the way!" Dressed in their dance finery, freshmen Katie Chow and Johnny Lamb demonstrate their friendship with a hug in the excitement of the special event.

Variation:

Varying in condition, degree,
etc.; a varied or changed form

No two people are alike, and this is especially true in this year's senior class. Differences among people abound, yet they do not divide the unity this class feels. Every student is unique and M.D.S. respects that individual quality. The senior class has learned to respect these differences in each other, and has benefitted from the exchange with such diverse peoples.

"You're not really wearing that tie...are you?" Megan Cullinan questions the fashion sense of her brother Micheal Cullinan.

"He's behind me isn't he?" Jennifer Powell tries to escape secret agent Reeves Coates and his ninja style surveillance tactics.

"Can we have a Scooby Snack?" Senior girls pose with their hero, Scooby Doo, at Universal Studios while on the senior trip.

"Boy these Crayons are good!" Clayton Montgomery performs the fuscia taste test during art. No thanks...we'll stick with green.

MDS was confusing

has been great.

They came together as a group of freshmen ready to embark on a journey of a lifetime. As freshmen they wandered the halls as strangers helping each other find their way. When they became sophomores they started to unite, building friendships that would last a lifetime. Struggling through their junior year, they bonded through SAT terror and their first prom, and now.....they're Seniors.....

We are not afraid to face each day with a tendency to strive.

Our dreams that are before us — we conquer one by one. Dignity is our middle name and friendship our backbone. Diverse as we are, as a whole we are invincible.

Yesterday, we were distant but we learned to accept and now we remember who we used to be.

Today, we cherish as we stand side by side and see that together we have walked this far through life.

And tomorrow, we dream about, eagerly as better people, wiser, and more mature.

The bond between us has grown stronger through the years.

Our love has grown fonder through the smiles and tears.

And the lives we lead are special because of what we've shared.

The class of nine-teen-ninety-six, we are unique.

We are diverse.

— Anna Chastain

Their Senior year is now complete, although never to be forgotten! Looking back at the change Mount de Sales made in their lives is inevitable. Young boys have now become men, while young girls precede their goals. All those that they leave behind have been a part of this journey giving them roots to lean back on. Now the journey takes a turn leaving their destination in their own hands.

Chris Allen wonders what the class joke was that he'd missed.

Laura Walters and Lindsay Gavin hug in the trapezoid in celebration of off campus privileges and lunch at Baldinos.

♦ "Hold it, guys. What was my line again?" Senior David Stahl reluctantly pauses while reading his speech. David Stahl was only one of the many Seniors who read at the Candlelight Carol Service. Don't worry, we're there for you.

◆ Patricia Myers and Melissa Kaplan take a quick break before the Service and reflect on the true meaning of their participation while cherishing their friendship which will last throughout their Senior year.

"Mmm mmm good." Donna Mizell and Keith Hatcher enjoy tasty cookies and cakes at the reception that followed the Candlelight Carol Service.

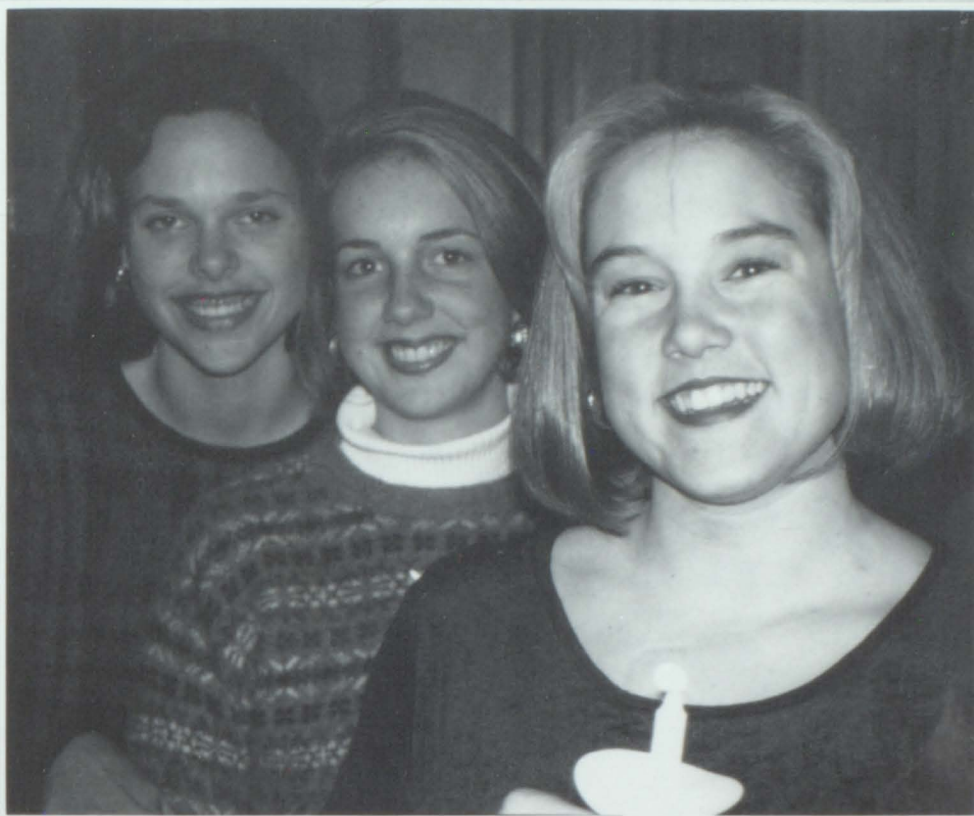

Ding-dong ... Ding-dong. Members of the Cavalier Ringers concentrate on their music sheets while playing the familiar sounds of Christmas that they practiced to perfection.

"Hey, look everyone ... I have grown!" Sandy Reddy smiles proudly because she proved that she actually is tall enough to light the candle while not even wearing heels.

◆ Seniors Stacey Goodman, Kelly Smallwood, and Melissa Alverson pose for the camera before they begin to lead the annual procession at the Candlelight Carol Service.

◆ "Do what now?" Jason Maloy looks confused, while Allen Luton helps his friend figure out where he is supposed to go and sit throughout the duration of the service.

◆ "Hey! Wait a minute ... did I say that wrong?" Stephanie Hill reads her prayer with uncertainty.

◆ "Of course we look good in white robes, we're guys!" Chris Allen and Adam Siler try hard to keep their cool before they have to perform their duties during the service.

◆ "Wake up, guys!" T.J. Rowland and Lance Keen try to stay awake after the service.

Transformation:

Changing of the form of an expression or figure into another form.

The underclassmen went through many changes. Harder courses, more homework, and participation in extracurricular activities took up the majority of their free time. But with all the difficulties and changes came the building of friendships and a sense of togetherness that can only be experienced here at Mount de Sales.

"I, Trey Porter, do solemnly swear to eat all of my pizza."
Trey Porter takes the cafeteria oath before rushing through lunch.

Freshmen girls sit at the door dreaming of having a free period. Two years isn't that long, girls!

♦ "I didn't do it, nobody saw me do it, you can't prove anything!" Michael Walton wants everyone to know he wasn't responsible for whatever mischief had just happened on the trapezoid.

♦ "What is so funny you guys ... is there something on my lens?!" Nisha Vincent and Brad Lynch are having a good chuckle at the expense of one of our crazy yearbook photographers.

♦ "Why do we freshmen have to sit in the back, I can't see a thing!?" Both Laura Perazzola and Michelle Craig ponder this as they strain to see through obstacles in an assembly.

♦ "Hi! Take a picture of me! Please!" Freshman Turner Oppy will stop any day to pose for a picture ... making faces is his speciality, just as long as you get his good side.

Modification:

A change resulting from external influences; partial alteration.

Our school faculty is truly a special group of people. Their hard work and dedication is obvious to all students, and they easily present a fine example to emulate. These people do more than just teach, they also coach, advise, and care for their students. The students are truly blessed to work with such fine teachers.

Alteration:

Change in the appearance
or form of anything.

This year, the Salesian took on a *new* look. We changed our layout to include the activities that are neither clubs, nor sports, yet are the heart of Mount de Sales, academics. All students take part in academics in one form or another. By doing a lab, taking part in Math Day or participating in intellectually and artistically challenging activities. M.D.S. is proud of her students.

"The ones are black and the twos are white..." Cody Hale completes another masterpiece. Maybe he'll be the next Picasso.

"Just a little bit more and I'll have it!" Junior Shauna Williams carefully adds a last drop to begin the chemistry experiment.

"Surely, you jest!" Senior Rene Sanchez laughs at a teammate's guess as he tries to answer the science bowl question.

"Do you hear what I'm saying?" Coach Garvin shows Sophomore Warren Stramiello the *correct* way to solve the math problem.

“Be one with the computer.”

“To magnify or not to magnify...

that is the question!” Dennis
Matovu strains to see the cells on
his Biology lab slide.

Always On Key

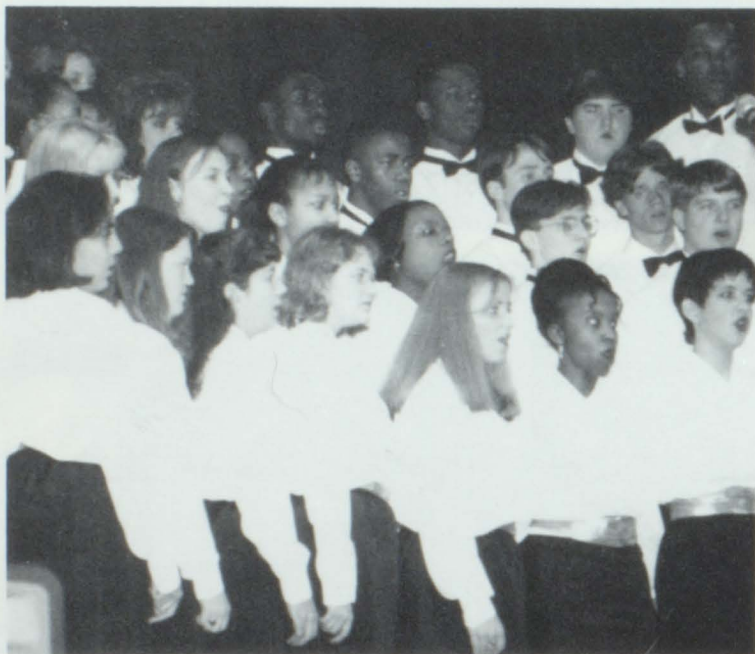

The Mount de Sales Choraliers play an important role in many of our school's activities and assemblies. They add to the masses with their performance while at the same time they provide entertainment in the assemblies. During the Christmas

season, the chorus participates in the Candlelight Carol Service. They also went to numerous other schools around the area to give performances. The chorus developed our cultural knowledge at a special assembly during February in

celebration of Black History Month. It is an enjoyable experience for all of Mount de Sales as well as for the chorus themselves.

◆ "How lovely!" The Cavalier Choraliers help to put the students and faculty in a holiday mood at the seasonal Christmas concert.

◆ Eighth grader, Jennifer Puckett, plays the flute while the chorus and the audience listen and are amazed by her wonderful talent.

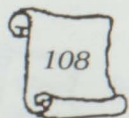

"Chorus has always been one of my favorite classes." —
Stephanie Webb

♦ Philip Cheshire demonstrates his excellent musical ability by keeping the crowd excited during half time at a football game last fall.

♥ The Cavalier Ringers, directed by Mrs. Donna Washburn, ring in the Christmas holidays at the annual school Christmas concert.

"It's great to be a Cavalier!" Cavalier band members Rebecca Merschat and Cheryl Marshall talk about how enthusiastic and pepped up everyone is because of the winning score.

♦ The Mount de Sales Cavalier band waits enthusiastically for their talented band director, Emmett Young, to give them a cue to begin playing their peppy music for the crowd.

All Together Now

Drifting through the air, captivating those who are fortunate enough to hear them, are the melodic sounds of the Cavalier Ringers. A group of chorus students interested in playing the handbells for their

school, these musicians perform in the Candlelight Carol Service during the Christmas season at Saint Joseph's Church. Another group of students who help to bring school spirit, the Cavalier Band, play at vari-

ous assemblies under the direction of Mr. Emmett Young. The twirlers, beginning a new chapter in our school's history and performing at football games, are an exciting addition to the band.

Literary Competition

Words of Wisdom

Literary Competition is a series of events that allow students, who excel in music, writing, speech, spelling, drama, and debate, to display their talents at the school, region, and state levels. Music competition in-

cludes Trio, Quartet, Solo, and Piano. Exceptional writers compete in Personal or Critical essay. Extemporaneous speakers are judged on their abilities to prepare a speech. The Spelling contest is for great spellers.

Dramatically talented students participate in Oral Interpretation or One-Act play. This year, debaters researched a topic involving foreign relations with China.

♦ "Savannah, here we come!" Trio members, Lisa Reeves and Shelli Hill are tuned and cannot wait to get to State Literary Competition.

♦ "All Grins!" State winners, Monica McMillan and Michelle Kendrick show their excitement after winning at Region Literary Competition.

"Literary Competition is fun! At least we were out of school!"
Warren Stramiello

"The Dynamic Debate Team And Their Little Index Card Boxes!" (Back Row) Warren Stramiello, Nathan Williams II, Adam Siler, Dennis Matovu (Middle row) Kris Harris, Eric Hogue, Frank Mummert III, Jamey Huser, Chad Cavender, Anna Claire Wimberly (Front row) Lonnise Andrews, Cindy Dockrell, Erin Parish, Sandhya Reddy, and Campbell Austin.

"Currey, The Crazy Critical Writer!" Jonathan Currey focusses on his paper while participating in the Critical Essay contest during Literary Day. It looks like Currey has a multi-talented future ahead!

Aesthetic Inspiration

A is for Aesthetic! R is for Rare! T is for Talent! When these letters are joined, they form the word ART! Art is just one area of academic study in which students at MDS proudly excel. The young artists are aspiring to create a new Cavalier tradition. By developing original works that reflect the spirit

of their personalities, the students honor one of the many foundations that our school was built upon: expression through talent! Several campus projects have captivated the attention of the student body. Two new murals, the garden scene in the cafeteria and the crested shield in the

gym, reflect the expertise of our artists. During the year, many works have been entered and honored in competitions throughout the country. Junior, Vickie Greene was chosen as the winner of an Olympic art contest. Her painting will appear on maps of Atlanta during the 1996 Olympics.

♦ "It will be my greatest masterpiece!" Senior Art Honor Student Jennifer Powell concentrates on a delicate papier mache project.

FUN-dementals!

Math Day is an annual event in which high school students have the chance to show off their mathematical talent in some friendly competition. The day's activities consist of three parts: a written examination, an intense practice session, and a fast paced oral competition. The written test is taken by all of

the students. Then the students divide into teams and work together on a practice worksheet that includes difficult brain teasers. Later in the day, the teams gather in the library for the oral competition. At the end of the competition, the points are added up and carefully tallied in order to determine

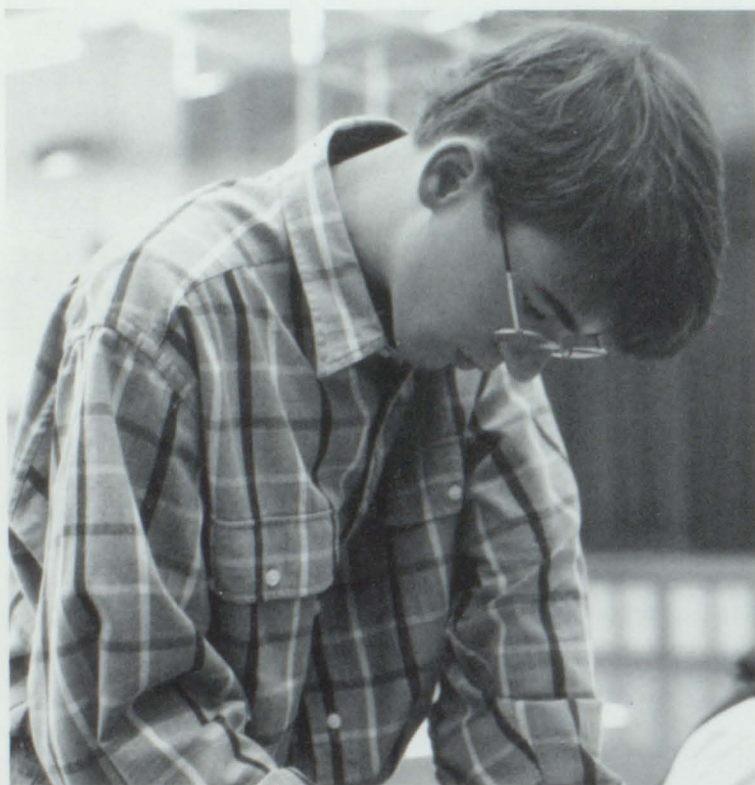

the winning team. Participating in Math Day is a fun and educational experience. It also has many advantages. Besides the learning experience, students are excused from all their classes. Many students walk away with new-found knowledge and fun-filled memories.

"Shhhhhh! Math Master At Work!" Mr. Sherwood is a faculty advisor at Math Day. I guess coaching basketball and math fall hand in hand.

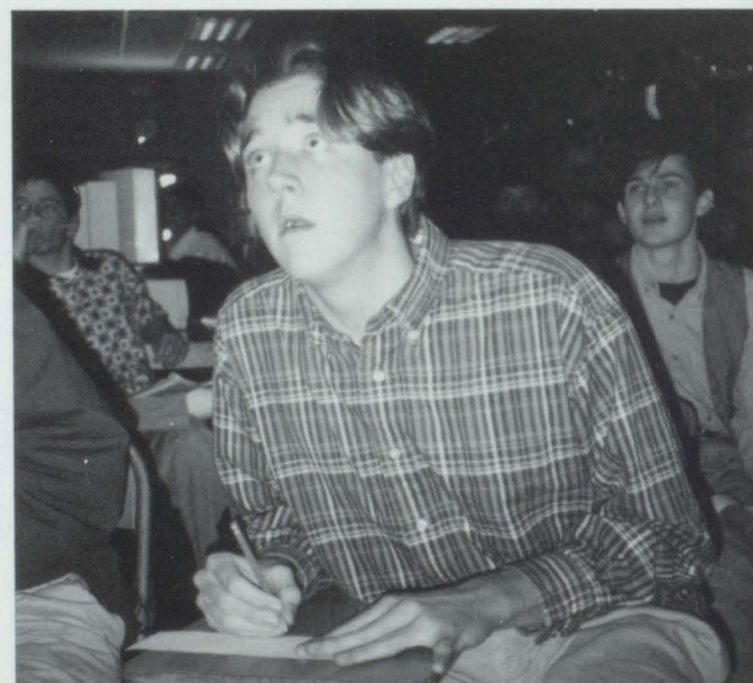

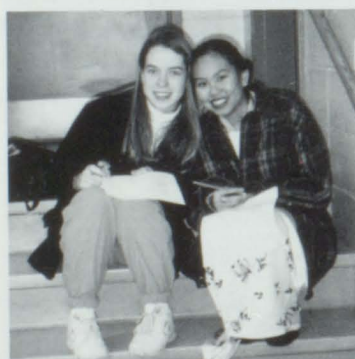

♦ "OK, If Joe Gives Nancy Three Apples And Two Oranges ..." Eleventh grader, Wes Kurzen contemplates the answers to a fruity question.

♦ "Something To Smile About!" Middle schoolers, Kelly Wall and Georgia Ragonetti are finding equations rather amusing at Math Day.

"Well, two heads ARE better than one! Math Day is so much fun!" Danielle Faulk & Leigh Cabasares

"Yes, Lord? I Am Here! What Is It You Would Have Me Do?" Junior Chris McClung tries asking for divine help in his quest to solve some advanced problems. Fellow classmate, Mac Oppy is also blinded by the light. Actually, they're both looking at the overhead projector.

♦ "Resistance Is Futile! You Will Be Assimilated!" These middle school math day students seem entranced by "hand" held calculators.

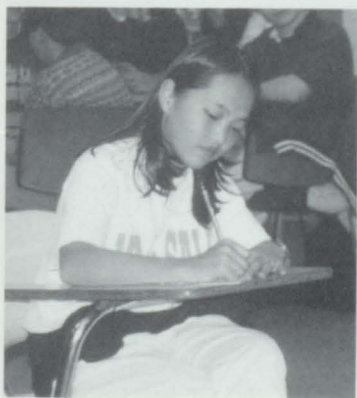

♦ "Beauty and Brains!" Sophomore Mia Armstrong is in serious concentration as she busily works on the written exam during Math Day.

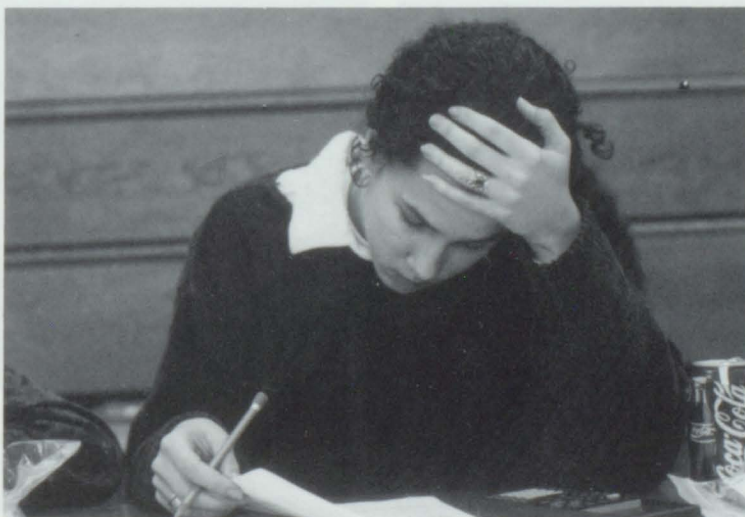

♦ "It Figures ... We All Got A Different Answer!" Charles Frey, Tim Al-man, Reeves Coates, and Campbell Austin laugh off their frustration.

♦ "Hey! Are You Looking At Me?" Lindsay Dessem and Katy Chow work with their group. They both think that Math Day should last forever.

♦ "Cool As A Cucumber!" Middle schooler, Alysson Pohl seems to be sure of her efforts, as she proves that everyone can do math!

♦ "Cola helps you concentrate!" Blair Meyer shows off what's under that fabulous hair. Blair, like everyone else just loves Math Day!

Above And Beyond

The Math, Science, and Academic teams completed a great year filled with several accomplishments. After practicing on Mondays and Fridays, the Academic team won in the first round of WMAZ TV's Teen Challenge. In the semi-finals, they fought a hard battle, but lost. The Science team took first at a competition at Ma-

con College. Coach, Mr. McLachlan, said of his teams, "They all practiced, worked, and competed well." Under the guidance of Mr. Mike Garvin, the Math team won first place at the math tournament held at Macon College. The Math team practiced during activity periods and were also required to take tests

throughout the year. The Math team competed in matches held at Georgia Southern, Georgia Southwestern, and Mercer University. The team members also participated in the Math Olympics and in competitions sponsored by the Georgia Council of Math Teachers.

Mixing It Up

Strap on your goggles and fire up that Bunsen Burner ... it's lab time! One of the most enjoyable and memorable parts of science classes are the labs. Not only do labs offer a welcomed break in the daily routine, but they provide hands-on experience for science students. Tiny organisms come alive under the

microscopes in biology classes. In chemistry classes, bubbling pink liquids and growing super-saturated compounds always keep the attention of the students. Labs have been proven to enhance learning and enthusiasm in schools, especially here at Mount de Sales! Teachers also look forward to labs. "It's like I've

been to Disney World and have ten seconds to tell about everything I've done," says Mrs. Dermatas, the biology teacher. Science is such an important part of our daily lives. Science is Real. Labs are one way to further explore life at its fullest!

♦Biology teacher, Mrs. Dermatas explores the wonderful microscopic world of plant cells, while her students look on.

♦Seniors T. J. Rowland and Jennifer Raffield observe the interesting reactions of two different substances in physics class.

♦"I wonder what happens when we mix these two chemical substances together!" exclaims Thomas Leslie to his lab partner Toby Leslie.

"Chemistry is an exciting class and I learn new things every day." — Kristina DeMichiel

♦"There is nothing like sharing the joys of the world of science together!" implies juniors Shannon Holly and Brandy Taylor as they work together during a chemistry lab. Will it blow up or bubble?

◆ Jessica Perez looks on in amazement as her teacher, Mr. McLachlan, shows her what happens when he mixes his two substances.

◆ "Cell division is so interesting and exciting to watch!" exclaims Dennis Matovu as he watches Katy Chow observe the mitotic cells.

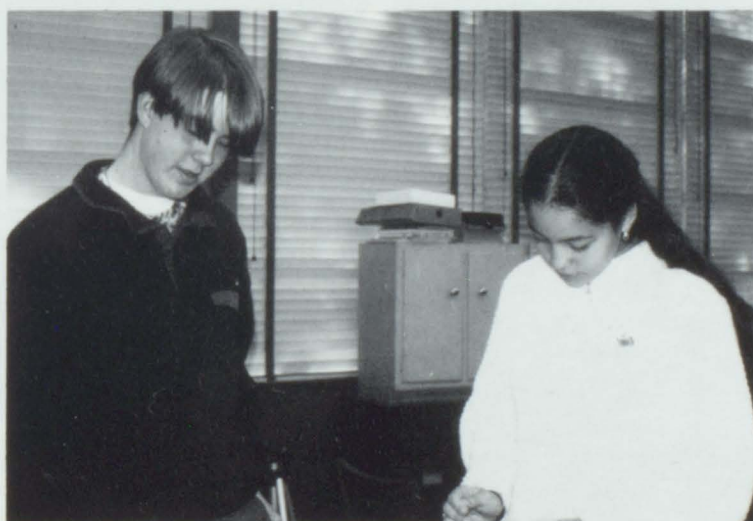

◆ "Eureka!" Sophomore Britton Lockhart expresses his enthusiasm to Lindsay Misch over discovering the solution to an experiment.

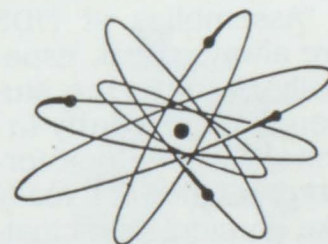

◆ "Hard at work." Sophomore student Tiffany Domingos observes her specimen in an interesting lab experiment during biology class.

◆ "Isn't this great!" Jamey Huser and Sean Davis work on an angle momentum experiment in an effort to understand the laws of physics.

◆ "Deep concentration ..." Denise Rivera and James Jackson work diligently during an exciting and educational chemistry lab.

Let's Get Together!

The nervousness and anxiety of listening for your name, the joy of being on the receiving end of a honorary award, the awkwardness of standing in front of the entire student body ... these are all well-known characteristics of a typical recognition assembly. These assemblies are long

held traditions at this school. Every student knows that with each passing quarter, several much welcomed recognition assemblies are in store. They are designed to recognize those exceptional and hard working students who excel in academics, athletics, art, leadership, and service. Recogni-

tion assemblies give the students a chance to be noticed and acknowledged for participating in activities and obtaining achievements that not only bring honor to themselves but to Mount de Sales Academy. Overall, recognition assemblies remain as memorable experiences in the minds of the students.

♦ "There's A Hush All Over The World!" All are anxiously silent as Sr. Geraldine prepares to announce the recipients of various awards.

♦ "And The Winner Is ...!" Sr. Mary Rosina and senior, Megan Cullinan draw the name of the lucky winner in a Dream of Fields competition.

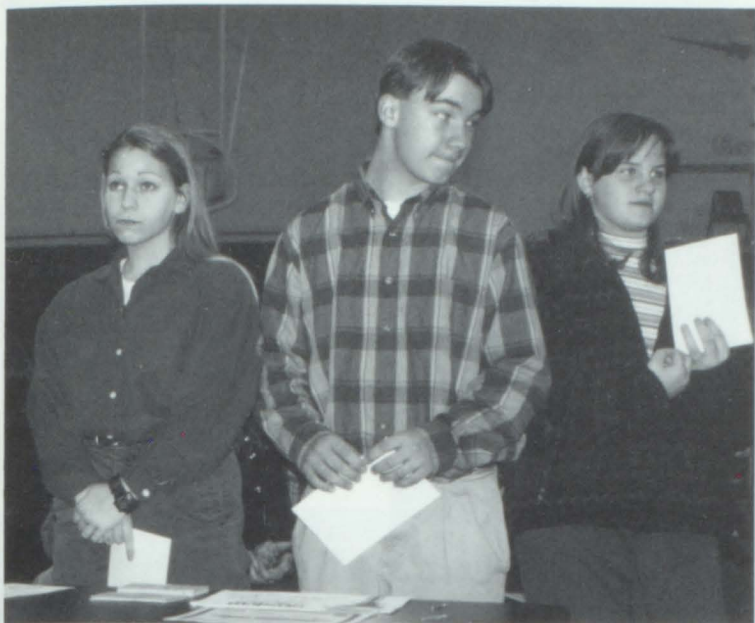

♦ "Snap! Crackle! Pop!" Kristina DeMichiel, Stephanie Stollenwerck, and Wendy Hatcher grin as they receive awards for softball season.

"Assemblies at MDS are always great, especially because the students are actually involved. We all look forward to them. I really like coming, participating, and joining in on all the fun!" says sophomore, Mike Mazza.

♦ "Have You Ever Had To Make Up Your Mind?" Carrie Frank, Stephanie Wolfenbarger, and Cladie Washburn choose a teacher's parking space.

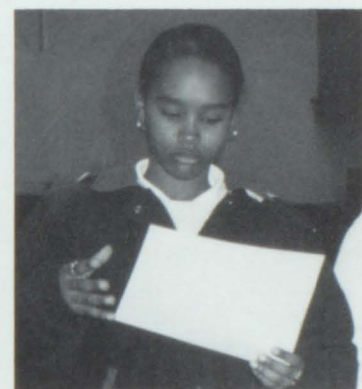

♦ "Express yourself!" Students, Rebecca Raffield, Derek Thomas, and Christina Waterman show their feelings as they receive awards.

♦ "Decisions, decisions!" Gabe Azar, Cladie Washburn, and Joseph Hicks choose cool prizes in a contest promoting the Dream of Fields.

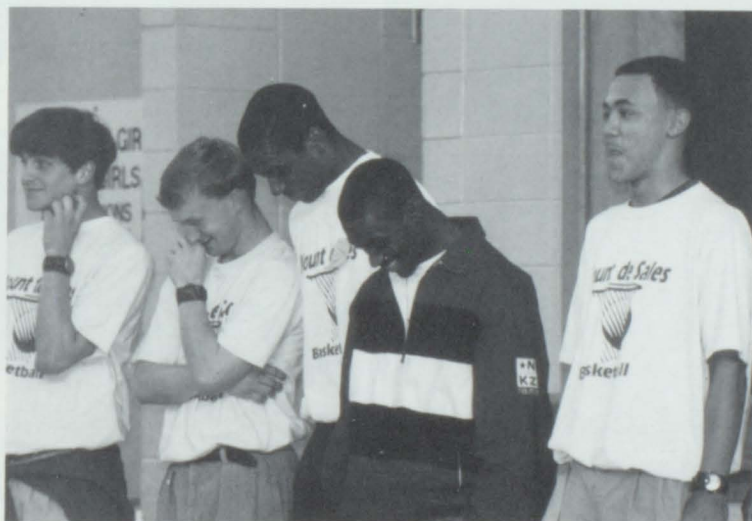

♦ "The Super Supremes!" Shelli Hill, Lisa Reeves, and Stephanie Webb prepare to sing at an assembly involving a literary competition.

♦ "Just kidding!" Boys basketball members laugh as they are honored for an unforgettable season of slam dunks and scoreboard knock-outs.

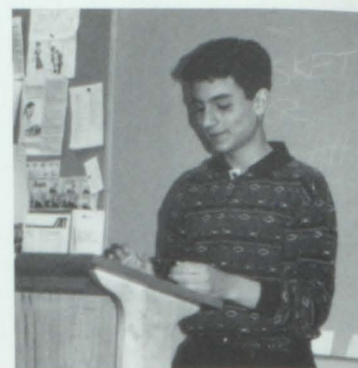

Different Is Good!

Sometimes the very best moments to learn can't really be put into a definite category. These unique opportunities may include developing pictures in the dark room, giving that great presentation in speech class, or preparing for some competition out of town. Whether you're sharing philosophical

views in religion class or just discussing school work with your friends in the hall, it seems that life here at MDS is never same, same, same! In fact, what could be more unique than working with Mr. Vullo by volunteering as a library assistant or receiving the chance to "pump it up" in our campus weight

room? Students also appreciate the faculty and their caring approach to learning. For example, getting the chance to receive some extra help after school or being allowed to relax in one of Mrs. Dohn's meditation classes is really special. Hey, different is good!

"Speak Out!" Marcos Sanchez captivates the speech class audience with his unique speaking abilities and, of course, his natural charm.

♦ "Developing Dreams!" Seniors, Allen Luton, Donna Mizell, and Jennifer Raffield attempt to develop pictures with the light on. Oops!

♦ "One on One!" Kameela McClinton finds it enlightening to gain scientific knowledge from a master mind ... Mr. McLachlan, of course!

"It is really a unique opportunity and a real blessing to teach at MDS."
Mr. J. Scott Turner

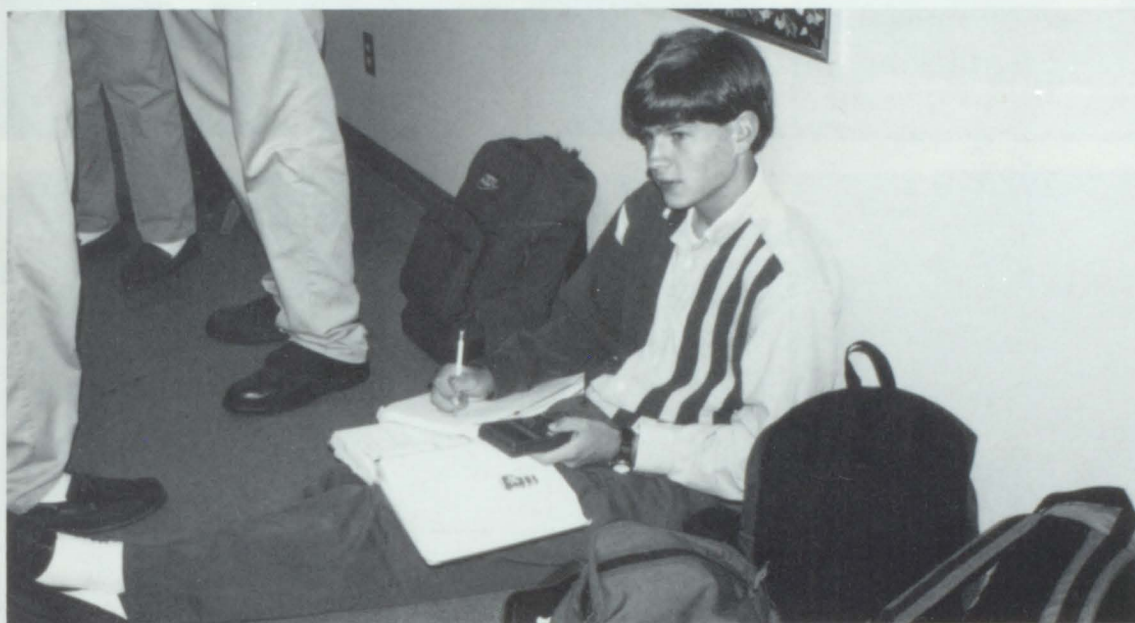

"Cancion Que Canto Otra Bocal!" Kelly Dessart and Erica Talley practice for the Spanish Oratorical competition. Both Kelly and Erica won first place in the competition at Georgia Southern. Just in case you're wondering, the first line means "A song that another mouth sang!"

♦ "Pump That Cavalier Spirit Up!" Brian Slocum lifts weights in Cavalier Hall. He has high hopes to make Varsity someday.

♦ "Ohmmmm, Ohmmmm!" Lisa Reeves, Dana Twiggs, Carrie Frank, Tracey Toole, and Katy Chow freely reflect in a meditation exercise.

♦ "What? Do Homework At Home? Never!" Andrew Lizek catches up on some math assignments while hanging out with his friends in the hall.

♦ "The Great Outdoors!" Eleventh grader, Josh Bryant enjoys studying in the beautiful environment of the trapezoid during a free period.

♦ "Yes, the meaning of life IS to consume double chocolate fudge ice cream!" Jennifer Raffield shares her views in philosophy.

♦ "Take The Dewey Decimal Challenge!" These library assistants volunteer to help Mr. Vullo in our library during their study halls.

Steering Clear

Our SADD chapter, in its second year, is an organization aimed towards educating students about the dangers of driving under the influence of alcohol. The officers and the moderator plan many diverse activities to unite the students against drunk driving. During the month of November, SADD sponsored a canned food drive to help less fortunate people during the Thanksgiving holidays. Also, during the year SADD has also sponsored other activities, like the Tag-a-Toy. "SADD is great. Helping people is a good cause," stated freshman Rashida Stanley.

Cream of the Crop

The Salesian, MDS' fabulous yearbook, reminds all of the students what the past year was like. It is also the finished product of a whole year of work by a host of students ranging from grades 7 to 12. But the work isn't easy, just ask any of the students who work here. "It is the best 5 hours a day that I spend. Any mistakes can be expensive ones so the obvious solution is not to make any, and that's what we try to do, ensuring that every book is a memorable one for all of MDS' students." Says Jamey Huser, one of the Salesian's editors.

Kicking Turf

The varsity soccer team sat awaiting the new head coach Greg Brooking. As he entered the room he wrote three things on the chalk board: Tattnall Invitational, Region, and State. These were the team's three goals. Undefeated in the first three games of the Tattnall Tournament, and with their first goal attained, they were on their way to winning the region championship. Region rival Tattnall was unable to match the experience of our returning starters. For the ninth year in a

row the region championship was ours. State loomed, as did Frederica, the returning state champs. The Cavs were victorious 1-0. The final game, and the final goal pitted us against Stratford and after 120 minutes we were tied 1-1. The final tie-breaker would be penalty kicks that would result in a loss. Through it all, the players that had been together for so many years finally gelled and played as one spectacular team. There was not one superstar, there were 21.

♣ Senior captain Allen Luton kicks up some dust in a race to the ball with Tattnall opponent Suzuki Tacahari.

♣ "That ball will be mine!" One of the team captains, senior Joey Filush attacks the ball while playing hard defense in the state final.

"Our season can be summed up by the final game, long yet coming short," said Cory O'Brien.

Wow, velocity really is proportional to distance over time!" Sophomore Kyle Mitchell discovers the truths of physics while playing soccer.

♦“La, la, laaa, laaa..” Junior Micheal Spisso shows off his impressive ballet skills while the other Tattnall players look on in awe!

♦“Hey look, there’s a smashed bug on the ball,” future anthropologist, senior Michael Cullinan, makes an astounding observation.

Region Champs!

The 1995-96 Mount de Sales football program was one of the top programs in the GISA. The team was led by many outstanding seniors, and had one of their best seasons in twenty years. During their regular season, they had a record of 8 and 1 which led them to the playoffs. There, they played a thrilling game against undefeated Tattnall. This victory over Tattnall clinched the Region championship and advanced them to the next round of the state playoffs. From

there, they conquered two more teams in overwhelming victories. The pressure was on at the semi-final game against Westfield. The team suffered a very hard fought and disappointing loss. This 95-96 Cavalier team was one of the best and most memorable teams in the history of MDS. Senior Rico Stubbs commented about the Cavalier victory over Tattnall to win the Region title: "I gave it everything I had. I smelled the end zone. I'll remember this forever."

"Hey Eagle, do you want cheese on that sandwich?" A group of MDS defensive players stop Stratford from any possible gain on that play.

◆Rah Rah Ree, Kick 'em in the knees." The Cavaliers all join in on a cheer to get pumped up for yet another important game.

◆Keith Hatcher, former member of the Rockettes, puts his high kicking skills to use so the opponent can't make use of fourth down.

Diamond Dust

The varsity softball team, once again, had a great season. This year's team was led by six seniors and many debuting rookies. Three outstanding coaches: Coach Turner, Coach Hatcher, and a newest addition, Coach Copelan were big contributors to the team's success. Since July, days were spent planning strategies and having batting practice. Some Sunday afternoon practices were called. All of the hardwork proved to be worthwhile. Though the pre-season tournament started

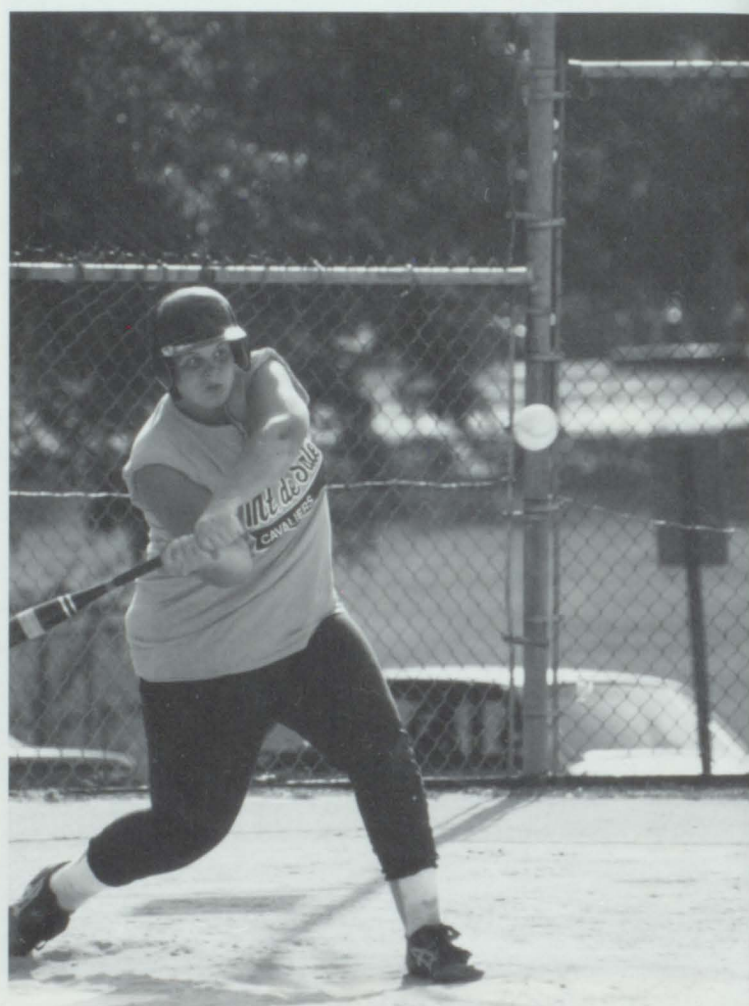

shaky, the Lady Cavs pulled through with an awesome second place finish. That wasn't a stopping point; the team played effectively throughout the season, ending with a 24-10 record. The season began with a team in search of a state championship and ended up with all the goals they had set. In the final state game they triumphed over Tattnall. As Stephanie Stollenwerck said "This season was full of ups and downs but we played like champs and that's what we are."

♣ A big group hug with the Lady Cavs shows the team spirit that brought a successful conclusion to the varsity softball season.

♦ "Left, right, left — Uhh, oh no..." Senior Shauna Williams attempts base running, while taking a break from her outstanding pitching.

The face says it all! Sophomore Trish Yarbrough pulls back in preparation for another, outstanding home run, earning her region respect.

♦ "I'm ready, give me your best shot." Sophomore Betsy Washburn shakes up the batter in preparing herself to run a double play.

♦ "Hey watch out, Trojan, I've got my Nikes on!" Senior "Air" Cladie Washburn leaps into the air to force a runner out and end the inning.

After the championship win, Coach Hatcher is swarmed by fans and cameras listening to her winning strategies.

♦ Senior outfielder, April Fowler, defensively positions herself in the outfield to make an inning-ending catch off a pop-fly ball.

♦ Eighth grader Jennie Thigpen plans her trip to Disney World as she tries to hit a homerun that will move her team to the winner's circle.

♦ Junior Wendy Hatcher and eighth grader Jennie Thigpen leave the dugout to congratulate a teammate on an fantastically hit homerun.

Shooting Stars

The 1996 Varsity Boys Basketball team began a new era with many changes. Last spring when Coach Slocum decided to end his basketball coaching career, Coach Don Sherwood stepped into the vacated position and must have felt the pressure of keeping the winning tradition alive. Yet the former MDS track and b-team basketball coach used his experiences from St. Andrews Academy and Wayne County High School to know the system and make the

transition as smooth as possible. The boys team was set with tremendous obstacles. They had two seniors and a lot of players with little or no experience. However, that didn't stop them as they played impressively against teams that had taller and more seasoned players. The team beat three GISA powerhouses; Monroe, George Walton, and Athens Christian in our own gym to finish with a winning record of 16-9.

Junior Dione Cooper "the Air Apparent" drives his way to the basket. Dione was unstoppable during another exciting Cavalier home game.

"I'm open! Give me the rock!" Sophomore Edward Kendrick gets ready to receive a pass so that he can try to dunk over his defender.

"It's a bird, it's a plane, no it's a Super Cav!" Sophomore pilot Antonio Wesley soars to score an easy layup for two points.

"Overall, we had a good season, but down the stretch I wish we would had gone further." Junior Dione Cooper

Point Blank

The 1995-96 Mount de Sales Lady Cavaliers basketball team was a spectacular one. This year the team was led by four seniors who will be greatly missed. They had an incredible record of twenty-three wins and five losses. After winning a heart-stopping region championship game, the Lady Cavaliers were ready to take it all the way to state. They made it to the quarter-finals and lost a terribly hard fought game to Curtis Baptist. The team had four players that made All Region

this year: Betsy Washburn (10), Cladie Washburn (12), Stacey Goodman (12), and Melissa Alverson (12). Melissa also earned All State honors. Even though the team will be losing four valuable players we all believe that if they work as hard next year as they did this year, there is no doubt they will bring home another state banner for Mount de Sales. Everyone is extremely proud of our varsity girls basketball team and their coaches, Mrs. Hatcher and Miss Turner.

"Give me the ball!" Junior Kristy Willis calls for the ball as she maneuvers around the defensive player to get in scoring position.

"Go for a two pointer!" Senior Cladie Washburn squares up perfectly to take a jump shot for the mighty Lady Cavaliers of MDS.

*"This team was tighter than ever; we formed bonds that can't be forgotten."
Vickie Greene*

"This is too easy!" Senior Stacey Goodman blows past her opponents and scores on a lay up to add to the Cavalier's enormous lead.

Senior Melissa Alverson plows her way through the First Presbyterian defense to grab another strong rebound off the glass.

Senior Tee Epps settles down after sinking her first foul shot and waits patiently for the ball to swish for another point.

Coach Hatcher uses basketball hand signals, which translates to mean "watch your man" or "how about a pizza?"

The Lady Cavaliers celebrate after clenching the Region Championship. The seniors were especially thrilled for THIS home victory.

"I wish I was a little bit taller, then I'd take the ball from her!" Wendy Hatcher remembers the words of her meditation music.

"Nothing like a big sandwich to tide you over until the end of the game!" Betsy Washburn tightens her grip to ensure a good shot.

In The Field

This year's baseball team had many questions that needed answering by the end of the season. "Who is going to pitch and how would the adjustment affect the team?" was the main one asked during the pre-season. The loss of 6 seniors, 3 of whom pitched nearly 95% of the time, presented a challenge for the coaches Tony and Chester Pierce.

By the first game, it was evident that the team was young, composed of only 5 upperclassmen. Although

the season had its ups and downs, the team finished with a 10-10 record, winning their last 4 games and went off to Augusta Christian to play for the quarter finals. In a perfectly played game, Mount de Sales lost their hard fought battle by only 5-4.

At the seasons end, the coaches were very impressed by the overall improvements of their rookies yet saddened by the graduation of 3 seniors: Cody Hale, Keith Hatcher, and Lance Keen.

"Going, going, GONE! It's a home run!" Freshman Brandon Renfro hits a home run to take the lead for the Mount De Sales Cavaliers.

Senior Cody Hale safely makes it to first base while the team excitedly watches him make the run during a very tense game.

"I hope you've got it Reeves!" Teammates Reeves Coates and Nathan Cooper show how they can work together to win a tough match.

Get Your Kicks

The girls had a fantastic season. The team was led by four seniors, three of whom made all-region and all-state. One sophomore also made all-region. Although their season record (6-5-3) was inconsistent, the team qualified for state. After winning the region title the Lady Cavs were ready for whatever lay ahead of them. They made it to the semi-finals and lost a very hard fought game against Augusta Prep. These girls were not just a team, they were sisters. Everyone on the

team shared the most exciting wins all the way to the most upsetting losses. Every school day the team had to endure two hour practices, sections, laps, and various other drills. The Lady Cavaliers put together hard work and dedication to make the team what it was. When asked about the season Johnny Lamb said, "This year was a learning experience for the whole team. I hope that we can learn from our mistakes and take the state title next year."

"Fast as fast can be, you'll never stop me!" Junior Jennifer Harrison skillfully makes her moves to get past a Tattnall defender.

"Sock it to 'em girl!" Senior Valerie Rodriguez successfully stops another Tattnall player from moving the ball down the field.

"I had a lot of fun this past soccer season. It takes a lot of hard work and dedication. I give my best wishes to all upcoming players."
Jennifer Raffield

"Show 'em what a real shot is!" Sophomore Trish Yarborough shows superior soccer skills while taking a powerful shot on goal.

"Great save DeAnna!" Goalkeeper DeAnna Yates makes a great save to help the Lady Cavalier team win against the Monroe Mustangs.

"We're so happy together!" Senior Jennifer Raffield and Junior Marybeth Harrison show just how great it is to be a Lady Cavalier.

"Sounds good to me." Coach Smith talks with Coach Brook.

"Okay,ref, this is the proper way to pass the ball." Sophomore Johnny Lamb attempts a pass in front of the watchful eyes of a referee.

Permutation:

Change from one state,
position, etc. to another

Every year marks the close of another chapter in Mount de Sales history. It also creates a new chapter in the lives of every member of the senior class. As they travel on, their lives change as they move on to college, and then a lifestyle or career of their choosing. This marks a stage of changes, challenges, and inspiration.

"Here's looking at you, kid."
Senior Cody Hale shoots "the look" at the camera while walking back from a sports recognition assembly.

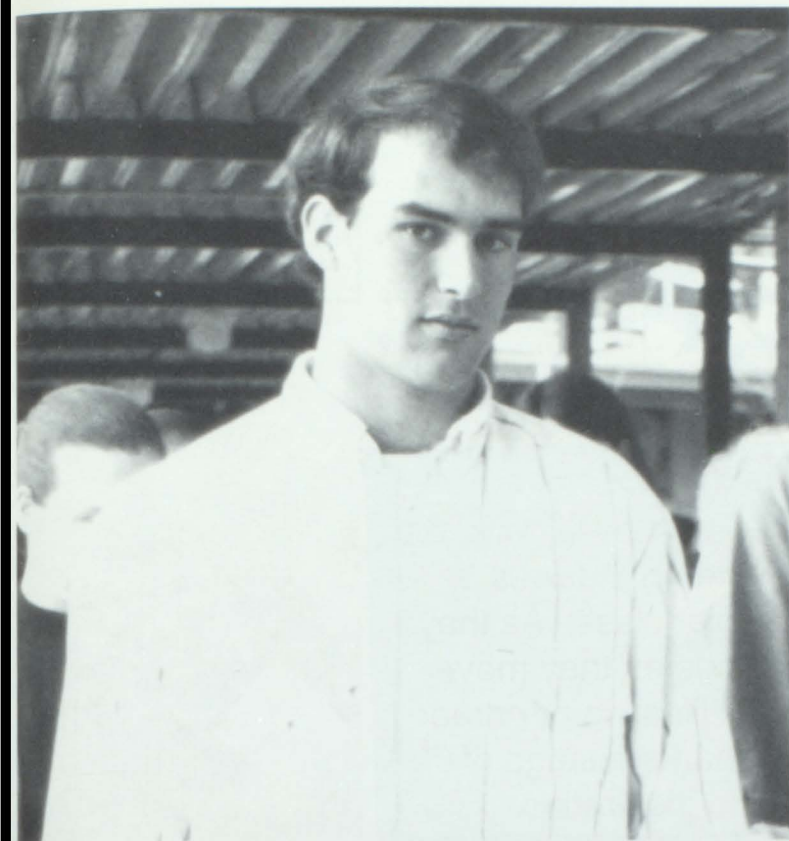

"Is that what I think it is?"
Melissa Styons stares calmly at the floor wondering if that cockroach is only a figment of her imagination.

"Yummy! Finally, today is chicken day!" A hungry Katy Crosby looks forward to her favorite time of the day, lunch.

"You will do your homework and you will like it, Mister!" Adam Siler considers a friendly suggestion from his AP History teachers.

“Just one more problem left!!!”
Senior Shauna Williams struggles
to finish her homework before she
leaves for her softball practice.

The Moderator of the *Salesian* is Mrs. Sue Sinksen. All of the type was set in Helvetica type with the exception of artwork. Headlines were set in thirty-six point type. Picture captions were set in eight point type. Body copy was set in ten point type. Jostens of Clarksville, Tennessee printed 680 copies of 208 pages each. The company representative is Mr. David ('Big Dave') Zeigler.

"Hah Hah!" Caitlin Hickey and Monica McMillan laugh at the picture of Sandy that Jamey and Dave put in.

"How in the heck?" Yearbook Staff members work hard to solve the mystery of the Picture Cropper.

Developing

Pride Character Wisdom

As the year comes to a close, many students look back at the beginning of the year and realize how much they've developed from the year before. They've taken on challenges and broadened their horizons. They've moved on from being just students and have participated in extra-

curricular activities or have become involved in the Community. From these activities, students gained abilities such as pride, character, and wisdom that have taken them all through the rest of the year.

"Burn, Bomber, Burn!!" Sean Davis becomes a human candle as Jon Currey pretends not to notice.

"Hey his pie looks better than mine!" Senior David Dodd gazes enviously at Bradley McClung's pie.

"Net!" Mr. Smith and Mr. Dockrell sandwich a middle schooler. Who says volleyball isn't a contact sport?

"Almost got it!" Senior Massimo Danese struggles to pull a book from the bottom of his locker.

"Bye Bye!" Trish Yarbrough points to where the ball landed *over* the fence (and through the woods).

"Easy lay-up!" Jennifer Van displays the proper way to make a lay-up as the opponents look on.

"It must be nice to have a driver's license!" Sophomores strut through the faculty parking lot.

"Megan's gonna knock you out!" Megan Cullinan remains tough while waiting to stop spinning.

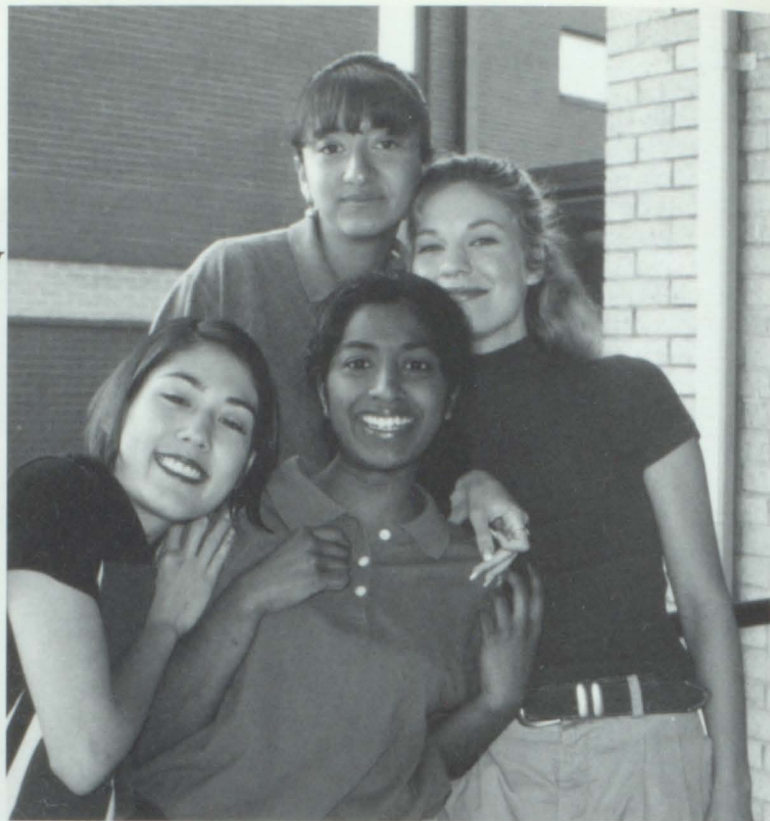

Maturing

Presenting Compassion Responsibility

Maturity is an important aspect of every person's life. Recognizing one's compassion and responsibility is the first step towards maturing. This year students grew into young people who developed compassion and learned to accept the changes that this understanding brings. The hardest part is handling the responsibilities and present-

ing a mature attitude when dealing with situations. Students proved, through their academic achievements that maturity is a product of life that evolves through experience and change and that, in the end, the results are rewarding to us all.

"Frantic Foursome!" Senior girls show their enthusiasm as the school year draws to a close.

"Mo' muffins?" Middle schoolers serve up muffins and coffee at the middle school Grandparents' Day.

"Umm, Umm, good!" Freshmen boys enjoy the cafeteria food instead of 'brown bagging it'.

"Is that a Medal of Honor too?"
Jamey Huser and David Stahl
congratulate each other.

"Es muy grande" Martin
LaFuente helps Kyle Mitchell with
his Spanish before homeroom.

"Call your shot!" Nathan Cooper
displays one of his many trick
shots that amaze the crowds.

"We need just one more here!"
Stephanie Wolfenbarger and
Campbell Austin arrange drinks.

"Oww! That water is cold!" Billy
Wade regrets agreeing to be the
first student in the dunking booth.

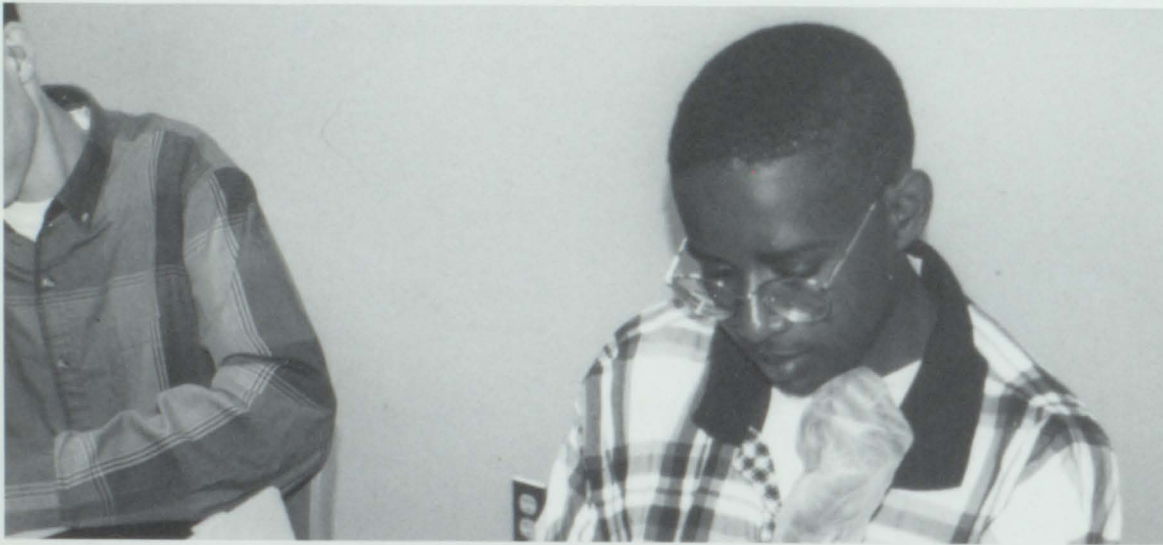

Becoming

Student Graduate Student

Growing, developing, and maturing. These three important changes, which affected every student at MDS, helped each to become a stronger person. Also, with these changes came the capacity to possess pride, character, and wisdom. These characteristics have, in turn, helped them to develop compassion and responsi-

bility. These changes served to make them bigger, brighter and older. With each and every change that the students have experienced, they have become more aware of their surroundings and much more a part of them.

"Our Lady of Victory, pray for us." The varsity Track Team shares a team prayer before the Region Track meet.

"The leg bone's connected to..." Sophomore Armond Powers gets a view of the inner workings of a frog.

"My locker exploded!" Senior Kelly Bagwell finally gets to the bottom of her locker. It only took four years!

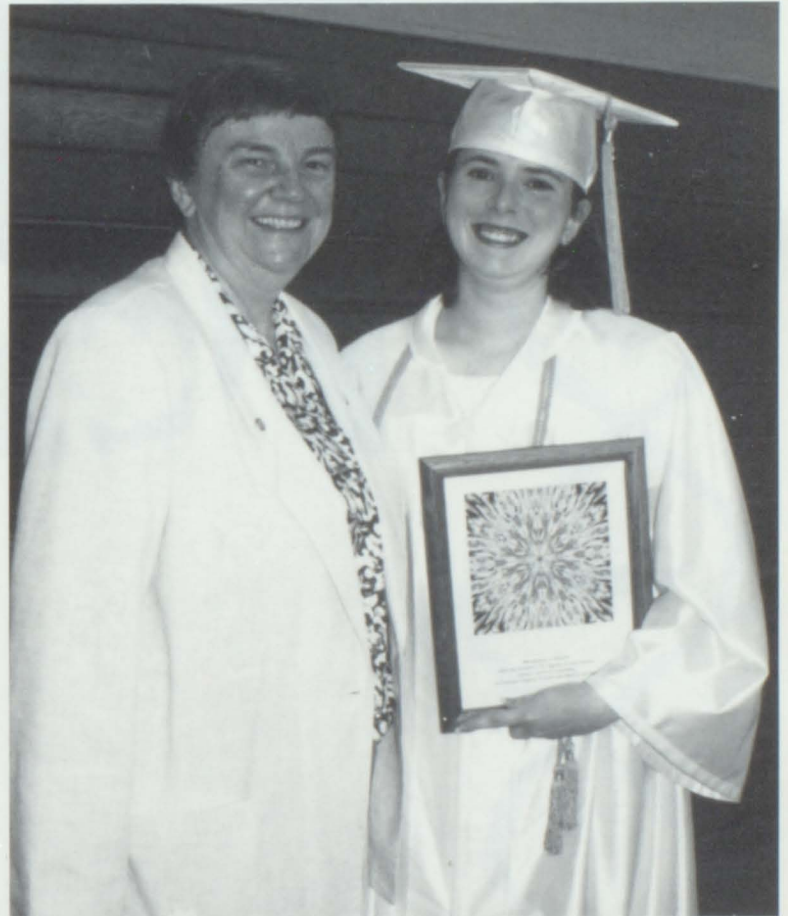

"I think I'm supposed to be cheering now..." Carrie Pierce realizes she needs to cheer....now!

"Best of the Best..." Valedictorian Quintress Leslie and Salutatorian Erin Parish share their smiles.

"Disco lives forever!" Freshmen Lillie Austin and Summer Causey try to bring the "Disco Fever" back.

"Take the picture or we'll squirt!" Greg Burney and Rico Stubbs terrorize their "hostage" on the Senior Trip.

"Spirit of Mercy." Recipient of the Sisters of Mercy Award, Melissa Brown poses with Sister Rosina.
